

BRAINERD DAILY DISPATCH.

VOLUME 2, NO. 180.

BRAINERD, MINN., TUESDAY JANUARY 13, 1903.

PRICE TWO CENTS.

TO REMOVE THE DUTY

CONGRESS EXPECTED TO PASS A BILL PLACING COAL UPON THE FREE LIST.

QUICK ACTION PROBABLE

Ways and Means Committee Preparing a Measure and Arrangements Completed for the House to Pass It at Once—Senate Will Then Take Up the Bill and Approve It Without Unnecessary Delay.

Washington, Jan. 13.—It is expected that congress will pass a bill removing the duty of 67 cents a ton on coal imported into this country. This bill may take the form of a rebate, or drawback, for ninety days, and also will provide for reciprocity, adding free of duty coal imported into the United States from countries granting the same privilege to the United States. This means Canada will permit Nova Scotia coal to come into the United States free, while coal from the Alleghenies and westward will go into Canada free of duty. The ways and means committee will meet during the day, and, according to the present programme, report a bill on the above lines. It is expected it will pass the house at once.

It will be taken up in the senate very soon and the intention is to have it pass without much delay. Its consideration in the senate has not been arranged for, but efforts are making to expedite its passage without amendment and with little discussion. A number of Republicans who heretofore have been opposed to the changing of the duty on coal said they would not oppose the bill provided it did not open up the whole tariff question. There has been some general talk about an agreement to pass such a bill, without opening up the tariff question, and the Republican leaders expect the house bill will be passed promptly by the senate.

INVESTIGATE COAL SITUATION.

House Gives Merchant Marine Committee Full Power to Act.

Washington, Jan. 13.—The house, after adopting a resolution to authorize the merchant marine and fisheries committee to investigate the coal situation at once, adjourned out of respect to the memory of the late Representative Tongue of Oregon, after appointment of a committee to attend the funeral. The resolution to investigate the coal situation recites the fact that a resolution has been introduced to extend the privilege of carrying coal to coastwise ports to foreign steamers for ninety days because the present scarcity of coal involves great suffering and distress, and authorizes the committee to investigate "facts, charges and necessities; to inquire into the elements and conditions involved in the coal trade, the cost of coal, the methods, facilities and cost of transportation and distribution of the same and the reasons or causes of such scarcity and distress."

The committee is directed to report the testimony, with their conclusions thereon, to the house as soon as possible. It is given power to send for persons and papers, to administer oaths, etc., and incur such expense as may be deemed necessary. The meetings are to be held in Washington and in such other places as the committee may determine.

ANTI-TRUST LEGISLATION.

Opinion Prevails in Washington Some Bill Will Be Passed.

Washington, Jan. 13.—Following the conference at the White House Sunday night, attended by Senator Aldrich and Speaker Henderson, there has been a great deal of discussion during the day among the Republicans of the senate as to the prospects of anti-trust legislation during this session of congress. The conclusion reached is that some measure will be passed. "There will be no radical legisla-

tion," said one prominent Republican senator, "but a measure embodying some features of the Knox bill may be passed. The Republicans are not going to accept any or everything that is offered, nor will they abdicate to the minority to dictate what shall be done. It will be some time, however, before the trust bills are taken up and senators will have time to inform themselves on all phases of the subject before a bill is brought before the senate."

LIVELY SENATE DEBATE.

Attempt to Secure Postponement of the Vest Coal Resolution.

Washington, Jan. 13.—A lively debate occurred in the senate during the day between Messrs. Aldrich, Vest and Carmack, when the first named endeavored to secure a postponement of the Vest resolution requiring the committee on finance to report a bill removing the duty of coal. Mr. Aldrich announced there were strong hopes of action being taken elsewhere with the view to removing the duty on coal. The proposition was not acceptable to Mr. Vest, who expressed the opinion that to allow the resolution "to go into the uncertain and nebulous future" would mean its defeat. Mr. Nelson continued his remarks in opposition to the omnibus statehood bill, and a large number of private pension bills were passed by unanimous consent.

At 5:15 p. m. the senate adjourned out of respect to the memory of the late Representative Tongue of Oregon.

Cannot Secure Suitable Site.

Washington, Jan. 13.—In the case of Crookston, Minn., the treasury department's report had stated that no suitable site for a federal building can be secured for \$4,000, the amount appropriated. The case will be referred to congress for action.

CALLS A COAL CONFERENCE.

Governor of Indiana Wants to Meet Railway Managers.

Indianapolis, Jan. 13.—Governor Durbin during the day sent letters to the management of the railroads entering Indiana calling for a conference for Thursday afternoon at the state capitol to deal with the coal situation in this state.

ADMITS A COAL COMBINE.

Said a Witness So Testifies Before Grand Jury at Chicago.

Chicago, Jan. 13.—It is asserted that one of the witnesses before the grand jury during the afternoon testified that there was a combination, and that about one dozen companies were parties to the agreement to keep up the price of coal.

ROBBED OF VALUABLE PAPERS.

Young Woman Loses Over \$3,000 on a Train in Wisconsin.

Neeenah, Wis., Jan. 13.—Miss Emma Briggs, cashier for W. Simon & Co. of Neeenah, was robbed of drafts, money orders and other papers valued at \$3,000 on a train somewhere between this city and Oshkosh during the afternoon.

The theft was so cleverly accomplished that the young woman did not discover her loss until she had reached the bank in Oshkosh, where she was to deposit the papers.

The drafts were in an envelope, which she had placed in a chateleine bag suspended from her belt, but when or how the robbery was accomplished she has not the slightest idea. The bank has been notified to stop payment on the checks and drafts.

ORE SAMPLES WERE SALTED.

Shrinkage of \$5,000,000 Alleged in a Mining Suit.

Denver, Jan. 13.—The Stratton Independence company (limited) during the day filed in the United States court a suit for \$6,000,000 against the executors and trustees of the Stratton estate and also against I. Harry Stratton, heir-at-law.

The complaint alleges that at the time the mine was sampled preparatory to concluding the sale, which had been negotiated through the Venture corporation of London, the samples were "salted" so that the amount of ore, according to those samples, was valued at \$7,000,000, when in reality the ore in sight was worth only \$2,000,000 or less.

APPEAL BY MITCHELL

MINERS' PRESIDENT URGES MEN TO HERCULEAN EFFORTS TO PRODUCE COAL.

MUCH SUFFERING EXISTS

Circular Letter to All Local Unions in the Anthracite Field Calls Attention to the Fuel Famine and Requests the Miners to Co-Operate With the Companies in an Effort to Increase the Output of Hard Coal.

Philadelphia, Jan. 13.—President Mitchell of the United Mine Workers of America has issued the following circular letter to all local unions in the anthracite district:

"Philadelphia, Dec. 12, 1903.

To the Officers and Members of Local Unions of the United Mine Workers of America in the Anthracite District:

"Gentlemen—You are no doubt aware that a serious coal famine exists in all the Eastern and seaboard cities, due to the shortage of the anthracite coal supply.

"The situation has reached an acute stage and has resulted in great suffering and hardship to the poor of the cities, whose earnings are insufficient to enable them to pay the excessive prices now being charged for fuel, and it is subjecting the general public to great inconvenience.

"To relieve the situation and alleviate, as far as possible, the suffering now being endured, is the duty of everyone connected with the production of coal. With this end in view, we are prompted to address this communication to all members of our union and request they co-operate with the management of the mines in an effort to increase the production of coal. The gravity of the situation is such as to require that every mine worker shall exert himself and use every means at his command to this end.

"Upon reading this communication in the columns of the daily papers, local unions should hold meetings and devise means whereby the daily output of the mines may be increased. These efforts should be continued until the weather moderates and the great necessity for fuel shall have passed."

SEIZE TEN CARS OF COAL.

Citizens of Tuscola, Ill., Raid the Railway Yards.

Tuscola, Ill., Jan. 13.—About 200 citizens of Tuscola confiscated ten carloads of coal at the Illinois Central yards during the day and it was distributed among the sufferers who are out of fuel.

There is not a pound of coal in any of the coal yards, and when the people saw the loaded cars sidetracked here, it was determined to relieve the situation to some extent. Mayor Roberts threw no obstacle in the way and the board of health passed a resolution stating it was necessary for the preservation of the public health. Business men, bankers and prominent citizens joined in the raid, but the coal seized was paid for, a committee being appointed to collect the money and hold it for the railroad company.

SOLUTION OF COAL PROBLEM.

Chicago City Council Passes an Anti-Combine Ordinance.

Chicago, Jan. 13.—The city council during the evening took a hand in the solution of the coal problem. An ordinance was passed making the forestalling of fuel supplies a misdemeanor punishable with a fine of \$200 for each offense. As an emergency matter, the measure was rushed through under suspension of the rules. After ten days it goes into effect, and then any dealer or firm that combines with intent to raise the price of any fuel commodity will be amenable to the courts for violation of a city ordinance.

COAL FAMINE IN INDIANA.

Resolution in the Legislature Calls for an Investigation.

Indianapolis, Jan. 13.—In the Indiana legislature during the day the coal famine was considered by the introduction of a resolution calling upon the two houses to investigate the coal situation and if it found that an unlawful combination of coal operators and dealers exists to have persons responsible for the famine convicted.

INQUIRY BEGINS AT TOLEDO.

Grand Jury Investigating Alleged Combine of Coal Dealers.

Toledo, O., Jan. 13.—The grand jury during the day began an investigation of the local coal situation. It has been charged that there is a local combine of coal men to maintain a high price. All of the leading coal dealers have been subpoenaed to appear before the jury.

Second-Degree Murder.

West Superior, Wis., Jan. 13.—The jury in the trial of Jake Gustafson returned a verdict of murder in the second degree and recommended that he receive the limit of imprisonment, twenty-five years. Gustafson killed his friend, Isaac Niska, in a drunken quarrel over 25 cents.

SECRETARY MOODY INJURED.

Salute Frightens Carriage Horses During Review at Annapolis, Md.

Annapolis, Md., Jan. 13.—Secretary of the Navy William H. Moody was seriously wounded in the naval academy grounds during the day by a runaway accident. Accompanied by Senator Hale, chairman of the senate naval affairs committee, the secretary arrived here at 2 o'clock to inspect the new buildings being erected in the naval academy grounds, being driven from the railroad station in Superintendent Brownson's private carriage.

The battalion of cadets was drawn up in line of salute just inside the academy grounds, and as the carriage bearing the secretary, Senator Hale and their escort, Lieutenant Poyer, passed in review, a salute of seventeen guns belched forth from the guns on the Santee wharf. The restive horses attached to the carriage swerved suddenly and got beyond control of the driver. They dashed down Upshur Row, past the line of cadets, the driver meantime making every effort to quiet them. The breaking of the pole of the carriage as the spirited animals dashed down the roadway served to render them more excited. As the maddened animals dashed down the hill toward College creek, the driver, seeking to stop them, suddenly turned their heads into a vacant lot between two houses. Secretary Moody, who had opened the door of the carriage as the horses dashed over the frozen ground, suddenly leaped to the pavement, as the carriage made the turn into the enclosure. He landed on his face on the pavement and was rendered unconscious by the shock.

COAL DEALERS RAISE PRICES.

Operators in Des Moines District Will Refuse to Sell to Them.

Des Moines, Ia., Jan. 13.—The Soft Coal Operators' association of the Des Moines district held a meeting during the day and decided to refuse to sell coal to Des Moines retail dealers and teamsters who have in the past or may in the future sell coal to consumers for more than \$3 a ton, the retail price fixed by the association. The demand for coal has been so great that dealers have had difficulty in filling their orders. Because of the demand the retailers have advanced the price to as high as \$4.50 a ton. Teamsters also have bought coal in the mines at the outskirts of the city and sold it for as high a price as they could obtain. The operators belonging to the association announce that they will do all in their power to prevent extortion by retailers while the unprecedented demand for coal exists.

TRAIN STRIKES A SLEIGH.

One Person Killed and Two Fatally Injured Near Stafford, N. Y.

Batavia, N. Y., Jan. 13.—A freight train on the New York Central railroad crashed into a sleigh at a grade crossing near Stafford during the day. Of the five occupants of the sleigh, one received injuries that caused death a few hours later, two others were so seriously injured that their death is expected, and two were severely hurt. They are all members of the family of L. J. Mott.

John Mott, nineteen years old, died of his injuries, and Lemuel Mott, eleven years old, and Mrs. Lena Mott are not expected to live.

The sleigh was part of a funeral procession. A severe storm was raging at the time and it was impossible to see more than 200 yards up the railroad track.

TO REFUTE CERTAIN EVIDENCE.

Operators Call Witnesses to Contradict Stories Told by Miners.

Philadelphia, Jan. 13.—The proceedings before the anthracite coal strike commission during the day consisted principally of the calling of witnesses by the Delaware and Hudson company to tell of the conditions existing in and about its collieries and to refute certain testimony presented against the company when the miners' side was heard. In the absence of Chairman Gray, who is ill, Brigadier General Wilson again assumed the duties of chairman. The Delaware and Hudson company expects to conclude its case soon, when the Erie company, which controls the Hillside Coal and Iron company and the Pennsylvania Coal company, will present its testimony.

NEW SCHEDULE OF WAGES.

Rock Island Engineers Get a Raise of About \$25 a Month.

Chicago, Jan. 13.—The Rock Island railroad management and the board of adjustment of the railway's locomotive engineers during the day reached an agreement which establishes a new schedule of rates. The increase of wages granted is estimated at \$180,000 a year by the company and at \$250,000 by the men. Ten per cent is the average advance provided for and \$25 a month about expresses the increase which each of the 900 engineers of the Rock Island system will receive.

ROBERT J. AKIN DEAD.

Philanthropic Millionaire Dies in New York at the Age of Ninety-nine.

New York, Jan. 13.—Robert J. Akin, millionaire and philanthropist, who would have celebrated the 100th anniversary of his birth on Aug. 14, next, died during the night at his residence from pneumonia. Mr. Akin was born at Quaker Hill, Dutchess county, and laid the foundations of his fortune in railroad investments in the early days of railroad construction in this state. He was prominently identified with the building of the Harlem railway, which was completed in 1848.

ASKS SEARCHING INQUIRY

Division No. 55 of the Order of Railway Conductors Holds a Meeting at Kansas City and Authorizes Its Presiding Officer to Start a National Movement for an Investigation of the Charges.

Engineer Starts the Agitation.

Kansas City, Jan. 13.—Formal recognition of the oft-repeated charge that railroad employees who are Americans are discriminated against under the criminal laws of Mexico, and that many of them are now languishing in Mexican prisons without being tried, was given during the day by Division No. 55 of the Order of Railroad Conductors, at a meeting held here.

Division No. 55, by vote, appointed its presiding officer, W. H. Hollis, as its representative to start a national movement for a searching inquiry into the matter, and directed that all the other divisions of the Order of Railroad Conductors be notified of the action taken by the Kansas City division. The movement also contemplates that three other great orders of American railway employees, the Brotherhood of Locomotive Engineers, the Brotherhood of Railway Trainmen and the Brotherhood of Railway Firemen, will become interested in the investigation.

The action during the day was the result of an agitation started by Harry H. Adams, formerly a locomotive engineer in Mexico. While employed on the Venegas, Central and Matuhualli railway, on May 21, 1901, Adams says his engine and seven cars were wrecked and that he was absolutely without fault in causing the wreck. His left leg was crushed and later had to be amputated. Adams says that even before he received medical attention he was taken before a magistrate, questioned and then thrown into

PLAGUE STILL RAGES.

Fourteen More Deaths Occur at Mazatlan, Mex.

Mazatlan, Mex., Jan. 13.—The plague does not yield as rapidly as was hoped to the new sanitary precautions and medical treatment. Six persons died Sunday and eight fatal cases were reported during the day. The number of patients in the lazaretto is steadily increasing.

Sanitary stations have been established on the highroads outside the city with physicians in charge. The plague has broken out at Ahoma, causing many deaths.

POWDER HOUSE BLOWS UP.

Two Boys Killed in an Explosion at Caseyville, Ky.

Caseyville, Ky., Jan. 13.—The powder and dynamite house of Harth Bros. blew up here during the day, the shock being felt for miles around. Two boys, Joseph Newkirk and Walter Knight, were caught in the explosion. Knight was killed and Newkirk fatally injured. The cause of the explosion is unknown.

There were about 500 pounds of powder in the magazine when the explosion took place.

TO REMOVE THE DUTY

CONGRESS EXPECTED TO PASS A BILL PLACING COAL UPON THE FREE LIST.

QUICK ACTION PROBABLE

Ways and Means Committee Preparing a Measure and Arrangements Completed for the House to Pass It at Once—Senate Will Then Take Up the Bill and Approve It Without Unnecessary Delay.

Washington, Jan. 13.—It is expected that congress will pass a bill removing the duty of 67 cents a ton on coal imported into this country. This bill may take the form of a rebate, or drawback, for ninety days, and also will provide for reciprocity, adding free of duty coal imported into the United States from countries granting the same privilege to the United States. This means Canada will permit Nova Scotia coal to come into the United States free, while coal from the Alleghenies and westward will go into Canada free of duty. The ways and means committee will meet during the day, and, according to the present programme, report a bill on the above lines. It is expected it will pass the house at once.

It will be taken up in the senate very soon and the intention is to have it pass without much delay. Its consideration in the senate has not been arranged for, but efforts are making to expedite its passage without amendment and with little discussion. A number of Republicans who heretofore have been opposed to the changing of the duty on coal said they would not oppose the bill provided it did not open up the whole tariff question. There has been some general talk about an agreement to pass such a bill, without opening up the tariff question, and the Republican leaders expect the house bill will be passed promptly by the senate.

INVESTIGATE COAL SITUATION.

House Gives Merchant Marine Committee Full Power to Act.

Washington, Jan. 13.—The house, after adopting a resolution to authorize the merchant marine and fisheries committee to investigate the coal situation at once, adjourned out of respect to the memory of the late Representative Tongue of Oregon, after appointment of a committee to attend the funeral. The resolution to investigate the coal situation recites the fact that a resolution has been introduced to extend the privilege of carrying coal to coastwise ports to foreign steamers for ninety days because the present scarcity of coal involves great suffering and distress, and authorizes the committee to investigate "facts, charges and necessities; to inquire into the elements and conditions involved in the coal trade, the cost of coal, the methods, facilities and cost of transportation and distribution of the same and the reasons or causes of such scarcity and distress."

The committee is directed to report the testimony, with their conclusions thereon, to the house as soon as possible. It is given power to send for persons and papers, to administer oaths, etc., and incur such expense as may be deemed necessary. The meetings are to be held in Washington and in such other places as the committee may determine.

ANTI-TRUST LEGISLATION.

Opinion Prevails in Washington Some Bill Will Be Passed.

Washington, Jan. 13.—Following the conference at the White House Sunday night, attended by Senator Aldrich and Speaker Henderson, there has been a great deal of discussion during the day among the Republicans of the senate as to the prospects of anti-trust legislation during this session of congress. The conclusion reached is that some measure will be passed. "There will be no radical legisla-

tion," said one prominent Republican senator, "but a measure embodying some features of the Knox bill may be passed. The Republicans are not going to accept any or everything that is offered, nor will they abdicate to the minority to dictate what shall be done. It will be some time, however, before the trust bills are taken up and senators will have time to inform themselves on all phases of the subject before a bill is brought before the senate."

LIVELY SENATE DEBATE.

Attempt to Secure Postponement of the Vest Coal Resolution.

Washington, Jan. 13.—A lively debate occurred in the senate during the day between Messrs. Aldrich, Vest and Carmack, when the first named endeavored to secure a postponement of the Vest resolution requiring the committee on finance to report a bill removing the duty of coal. Mr. Aldrich announced there were strong hopes of action being taken elsewhere with the view to removing the duty on coal. The proposition was not acceptable to Mr. Vest, who expressed the opinion that to allow the resolution "to go into the uncertain and nebulous future," would mean its defeat. Mr. Nelson continued his remarks in opposition to the omnibus statehood bill, and a large number of private pension bills were passed by unanimous consent.

At 5:15 p. m. the senate adjourned out of respect to the memory of the late Representative Tongue of Oregon.

CANNOT SECURE SUITABLE SITE.

Washington, Jan. 13.—In the case of Crookston, Minn., the treasury department's report had stated that no suitable site for a federal building could be secured for \$4,000, the amount appropriated. The case will be referred to congress for action.

CALLS A COAL CONFERENCE.

Governor of Indiana Wants to Meet Railway Managers.

Indianapolis, Jan. 13.—Governor Durbine during the day sent letters to the management of the railroads entering Indiana calling for a conference for Thursday afternoon at the state capitol to deal with the coal situation in this state.

ADMITS A COAL COMBINE.

Said a Witness So Testifies Before Grand Jury at Chicago.

Chicago, Jan. 13.—It is asserted that one of the witnesses before the grand jury during the afternoon testified that there was a combination, and that about one dozen companies were parties to the agreement to keep up the price of coal.

ROBBED OF VALUABLE PAPERS.

Young Woman Loses Over \$3,000 on a Train in Wisconsin.

Neenah, Wis., Jan. 13.—Miss Emma Briggs, cashier for W. Simon & Co. of Neenah, was robbed of drafts, money orders and other papers valued at \$3,000 on a train somewhere between this city and Oshkosh during the afternoon.

The theft was so cleverly accomplished that the young woman did not discover her loss until she had reached the bank in Oshkosh, where she was to deposit the papers.

The drafts were in an envelope, which she had placed in a chaperaine bag suspended from her belt, but when or how the robbery was accomplished she has not the slightest idea. The bank has been notified to stop payment on the checks and drafts.

ORE SAMPLES WERE SALTED.

Shrinkage of \$5,000,000 Alleged in a Mining Suit.

Denver, Jan. 13.—The Stratton Independence company (limited) during the day filed in the United States court a suit for \$5,000,000 against the executors and trustees of the Stratton estate and also against I. Harry Stratton, heir-at-law.

The complaint alleges that at the time the mine was sampled preparatory to concluding the sale, which had been negotiated through the Venture corporation of London, the samples were "salted" so that the amount of ore, according to those samples, was valued at \$7,000,000, when in reality the ore in sight was worth only \$2,000,000 or less.

APPEAL BY MITCHELL.

MINERS' PRESIDENT URGES MEN TO HERCULEAN EFFORTS TO PRODUCE COAL.

MUCH SUFFERING EXISTS

Circular Letter to All Local Unions in the Anthracite Field Calls Attention to the Fuel Famine and Requests the Miners to Co-Operate With the Companies in an Effort to Increase the Output of Hard Coal.

Philadelphia, Jan. 13.—President Mitchell of the United Mine Workers of America has issued the following circular letter to all local unions in the anthracite district:

"Philadelphia, Dec. 12, 1903.

To the Officers and Members of Local Unions of the United Mine Workers of America in the Anthracite District:

"Gentlemen—You are no doubt aware that a serious coal famine exists in all the Eastern and seaboard cities, due to the shortage of the anthracite coal supply.

With this end in view, we are prompted to address this communication to all members of our union and request they co-operate with the management of the mines in an effort to increase the production of coal. The gravity of the situation is such as to require that every mine worker shall exert himself and use every means at his command to this end.

"Upon reading this communication in the columns of the daily papers, local unions should hold meetings and devise means whereby the daily output of the mines may be increased. These efforts should be continued until the weather moderates and the great necessity for fuel shall have passed."

SEIZE TEN CARS OF COAL.

Citizens of Tuscola, Ill., Raid the Railway Yards.

Tuscola, Ill., Jan. 13.—About 200 citizens of Tuscola confiscated ten carloads of coal at the Illinois Central yards during the day and it was distributed among the sufferers who are out of fuel.

There is not a pound of coal in any of the coal yards, and when the people saw the loaded cars sidetracked here, it was determined to relieve the situation to some extent. Business men, bankers and prominent citizens joined in the raid, but the coal seized was paid for, a committee being appointed to collect the money and hold it for the railroad company.

SOLUTION OF COAL PROBLEM.

Chicago City Council Passes an Anti-Combine Ordinance.

Chicago, Jan. 13.—The city council during the evening took a hand in the solution of the coal problem. An ordinance was passed making the storing of fuel supplies a misdemeanor punishable with a fine of \$200 for each offense. As an emergency matter, the measure was rushed through under suspension of the rules. After ten days it goes into effect, and then any dealer or firm that combines with intent to raise the price of any fuel commodity will be amenable to the courts for violation of a city ordinance.

COAL FAMINE IN INDIANA.

Resolution in the Legislature Calls for an Investigation.

Indianapolis, Jan. 13.—In the Indiana legislature during the day the coal famine was considered by the introduction of a resolution calling upon the two houses to investigate the coal situation and if it found that an unlawful combination of coal operators and dealers exists to have persons responsible for the famine convicted.

INQUIRY BEGINS AT TOLEDO.

Grand Jury Investigating Alleged Combine of Coal Dealers.

Toledo, O., Jan. 13.—The grand jury during the day began an investigation of the local coal situation. It has been charged that there is a local combine of coal men to maintain a high price. All of the leading coal dealers have been subpoenaed to appear before the jury.

Second-Degree Murder.

West Superior, Wis., Jan. 13.—The jury in the trial of Jake Gustafson returned a verdict of murder in the second degree and recommended that he receive the limit of imprisonment, twenty-five years. Gustafson killed his friend, Isaac Niska, in a drunken quarrel over 25 cents.

SECRETARY MOODY INJURED.

Salute Frightens Carriage Horses During Review at Annapolis, Md.

Annapolis, Md., Jan. 13.—Secretary of the Navy William H. Moody was seriously wounded in the naval academy grounds during the day by a runaway accident. Accompanied by Senator Hale, chairman of the senate naval affairs committee, the secretary arrived here at 2 o'clock to inspect the new buildings being erected in the naval academy grounds, being driven from the railroad station in Superintendent Brownson's private carriage.

The battalion of cadets was drawn up in line of salute just inside the academy grounds, and as the carriage bearing the secretary, Senator Hale and their escort, Lieutenant Poyer, passed in review, a salute of seventeen guns belched forth from the guns on the Santee wharf. The restive horses attached to the carriage swerved suddenly and got beyond control of the driver. They dashed down Upham Row, past the line of cadets, the driver meantime making every effort to quiet them. The breaking of the pole of the carriage as the spirited animals dashed down the roadway served to render them more excited. As the maddened animals dashed down the hill toward College creek, the driver, seeking to stop them, suddenly turned their heads into a vacant lot between two houses. Secretary Moody, who had opened the door of the carriage as the horses dashed over the frozen ground, suddenly leaped to the pavement, as the carriage made the turn into the enclosure. He landed on his face on the pavement and was rendered unconscious by the shock.

COAL DEALERS RAISE PRICES.

Operators in Des Moines District Will Refuse to Sell to Them.

Des Moines, Ia., Jan. 13.—The Soft Coal Operators' association of the Des Moines district held a meeting during the day and decided to refuse to sell coal to Des Moines retail dealers and teamsters who have in the past or may in the future sell coal to consumers for more than \$3 a ton, the retail price fixed by the association. The demand for coal has been so great that dealers have had difficulty in filling their orders. Because of the demand the retailers have advanced the price to as high as \$4.50 a ton. Teamsters also have bought coal in the mines at the outskirts of the city and sold it for as high a price as they could obtain. The operators belonging to the association announce that they will do all in their power to prevent extortion by retailers while the unprecedented demand for coal exists.

TRAIN STRIKES A SLEIGH.

One Person Killed and Two Fatally Injured Near Stafford, N. Y.

Batavia, N. Y., Jan. 13.—A freight train on the New York Central railroad crashed into a sleigh at a grade crossing near Stafford during the day. Of the five occupants of the sleigh, one received injuries that caused death a few hours later, two others were so seriously injured that their death is expected, and two were severely hurt. They are all members of the family of L. J. Mott.

John Mott, nineteen years old, died of his injuries, and Lemuel Mott, eleven years old, and Mrs. Lena Mott are not expected to live. The sleigh was part of a funeral procession. A severe storm was raging at the time and it was impossible to see more than 200 yards up the railroad track.

TO REFUTE CERTAIN EVIDENCE.

Operators Call Witnesses to Contradict Stories Told by Miners.

Philadelphia, Jan. 13.—The proceedings before the anthracite coal strike commission during the day consisted principally of the calling of witnesses by the Delaware and Hudson company to tell of the conditions existing in and about its collieries and to refute certain testimony presented against the company when the miners' side was heard. In the absence of Chairman Gray, who is ill, Brigadier General Wilson again assumed the duties of chairman. The Delaware and Hudson company expects to conclude its case soon, when the Erie company, which controls the Hillside Coal and Iron company and the Pennsylvania Coal company, will present its testimony.

NEW SCHEDULE OF WAGES.

Rock Island Engineers Get a Raise of About \$25 a Month.

Chicago, Jan. 13.—The Rock Island railroad management and the board of adjustment of the railway's locomotive engineers during the day reached an agreement which establishes a new schedule of rates. The increase of wages granted is estimated at \$180,000 a year by the company and at \$250,000 by the men. Ten per cent is the average advance provided for and \$25 a month about expresses the increase which each of the 900 engineers of the Rock Island system will receive.

ROBERT J. AKIN DEAD.

Philanthropic Millionaire Dies in New York at the Age of Ninety-nine.

New York, Jan. 13.—Robert J. Akin, millionaire and philanthropist, who would have celebrated the 100th anniversary of his birth on Aug. 14, next died during the night at his residence from pneumonia. Mr. Akin was born at Quaker Hill, Dutchess county, and laid the foundations of his fortune in railroad investments in the early days of railroad construction in this state. He was prominently identified with the building of the Harlem railway, which was completed in 1845.

IN MEXICAN DUNGEONS

ALLEGED THAT MANY AMERICAN RAILROAD MEN ARE UNJUSTLY IMPRISONED.

ASKS SEARCHING INQUIRY

Division No. 55 of the Order of Railway Conductors Holds a Meeting at Kansas City and Authorizes Its Presiding Officer to Start a National Movement for an Investigation of the Charges. Engineer Starts the Agitation.

Kansas City, Jan. 13.—Formal recognition of the oft-repeated charge that railroad employees who are Americans are discriminated against under the criminal laws of Mexico, and that many of them are now languishing in Mexican prisons without being tried, was given during the day by Division No. 55 of the Order of Railroad Conductors, at a meeting held here. Division No. 55, by vote, appointed its presiding officer, W. H. Hollis, as its representative to start a national movement for a searching inquiry into the matter, and directed that all the other divisions of the Order of Railroad Conductors be notified of the action taken by the Kansas City division. The movement also contemplates that three other great orders of American railway employees, the Brotherhood of Locomotive Engineers, the Brotherhood of Railway Trainmen and the Brotherhood of Railway Firemen, will become interested in the investigation.

The action during the day was the result of an agitation started by Harry H. Adams, formerly a locomotive engineer in Mexico. While employed on the Venegas, Central and Matamoros railway, on May 21, 1901, Adams says his engine and seven cars were wrecked and that he was absolutely without fault in causing the wreck. His left leg was crushed and later had to be amputated. Adams says that even before he received medical attention he was taken before a magistrate, questioned and then thrown into

prison, where he remained a month. Other Americans are in Mexican prisons, he says, whose trains were in wrecks through no fault of the prisoners, and some of them have been in prison seven or eight years. Adams, while in prison, met some of these men, who begged him to appeal to the railroad men in America to interest themselves in their cases.

TO ATTACK THE REBELS.

Sultan's Expedition Leaves Fez for a Decisive Battle.

Tangier, Jan. 13.—News received from Fez under date of Jan. 8 is that the sultan's expedition against the rebels was on the point of starting from Fez that evening.

It probably consists of from 15,000 to 20,000 men, including the reinforcements from the south. It is feared here that the imperial troops have not recovered their morale since their last defeat and that it would be a mistake for them to attack the rebels.

The pretender has been heard of from three or four places within a radius of forty miles of the capital. He is generally accompanied by a small escort and is supposed to be trying to entice the sultan to attack him.

PLAGUE STILL RAGES.

Fourteen More Deaths Occur at Mazatlan, Mex.

Mazatlan, Mex., Jan. 13.—The plague does not yield as rapidly as was hoped to the new sanitary precautions and medical treatment. Six persons died Sunday and eight fatal cases were reported during the day. The number of patients in the lazaretto is steadily increasing.

Sanitary stations have been established on the highroads outside the city with physicians in charge. The plague has broken out at Ahoma, causing many deaths.

POWDER HOUSE BLOWS UP.

Two Boys Killed in an Explosion at Caseyville, Ky.

Caseyville, Ky., Jan. 13.—The powder and dynamite house of Hart Bros. blew up here during the day, the shock being felt for miles around. Two boys, Joseph Newkirk and Walter Knight, were caught in the explosion. Knight was killed and Newkirk fatally injured. The cause of the explosion is unknown.

There were about 500 pounds of powder in the magazine when the explosion took place.

Partly cloudy tonight and Wednesday. Probably snow.

FRED AMES has been denied a new trial and it now looks as though he would have to spend several years at Stillwater.

THOUSANDS of car loads of coal are said to be held in Chicago by the coal barons to secure an exorbitant price, while hundreds of thousands of poor are suffering. The guilty parties should be found out and punished.

At the meeting of the legislature last evening in St. Paul the senate committee appointments were announced and A. F. Ferris, senator from this district, fared exceedingly well for a new member. He was made chairman of the committee on public lands and placed on the committees of banks and banking, game and fish, logs and lumber, mines and minerals, railroads, taxes and tax laws and towns and counties. These committees are among the most important and the compliment paid to the senator from this district is certainly pleasing to himself and his constituents. Representative Bouck is chairman of the house committee on military affairs, and Representative Rider gets the chairmanship of the committee on logs and lumber.

It will be seen from an article published elsewhere in this issue that the board of education cannot under the law, because of the seven per cent limitation, issue bonds to the state to secure the money necessary to provide additional rooms in the schools as recommended by Prof. Hartley. The need of more room, however, seems to be imperative, and the board should not hesitate to issue bonds and sell them in the open market to get the necessary funds. County refunding bonds sold a short time ago at almost as favorable terms as the money can be gotten from the state, and no doubt school bonds will sell as well, so there is really no great loss in not making the loan of the state. Suitable school facilities should be the first consideration in every community, and the board should supply them here, and if the money cannot be gotten from the state it can be provided otherwise. Let the necessary school room be provided.

MUST RAISE THE BLOCKADE.

President Castro insists upon it Pending Arbitration.

Washington, Jan. 12.—Advises received here indicate that while Minister Bowen comes as Venezuela's commissioner in negotiations looking to a settlement of the claims of the allies, President Castro has made it a condition that the blockade shall be raised before Mr. Bowen proceeds with the preparation of the protocol for the peaceful adjustment of the claims. Moreover, it now develops that in this request Venezuela is likely to have the support of Italy. The United States, though not a party to the negotiations, of course will throw the weight of its moral influence on the same side. The Italian government is influenced in its course by purely economic considerations. It does not desire to crush Venezuela, but simply to procure the repayment of claims. The continuance of the blockade, by sapping the very life of the country, threatens to make it impossible for Venezuela to pay these claims within any reasonable period of time, so that any judgment rendered against her by private arrangement or by The Hague tribunal would be hollow and almost without results.

TEN INDIANS ARRESTED.

Charged With Killing a Hunter Near Atoka, I. T.

South McAlester, I. T., Jan. 12.—Ten Indians were arrested and placed in the federal jail here during the day on suspicion of having killed Douglas Allen, a hunter, near Atoka, last week. A party of hunters, composed of Douglas Allen, Horace Allen and John Scarberry, all white men, were camping in the woods trapping game. A band of full-blooded Indians came to the camp and demanded the guns and game about the camp in exchange for hogs, which the Indians accused the hunters of having stolen from them. An altercation arose and Ellis Carnes, a college-bred Indian, dealt Douglas Allen a terrific blow on the head with his rifle and shot Horace Allen in the hand. The latter, with Scarberry, fled amid a rain of bullets from the Indians. They went to Atoka and informed the officers, and when they returned to the camp they found the body of their companion riddled with bullets, the skull fractured and the eyes torn from the sockets.

JOHN GUYETTE IN HOCK.

He was Arrested on Complaint of His Wife

Who Claims He Threatened Her

With An Ax.

John Guyette spent the night in the city calaboose and this morning at 10 o'clock his wife was to have appeared in the municipal court to substantiate the charge against her hubby, but her heart must have weakened for at the appointed hour she was a minus quantity. She called for the police and claimed that John had threatened to beat her with the sharp edge of an ax.

The husband, however claims that she is talking through her skypiece; that he simply went out to the woodshed to get the ax to do manual labor and the thought of doing bodily harm was farthest from his mind. Guyette was taken back to jail and the case was adjourned until 2 o'clock this afternoon.

Lillian, the nine months old babe, of Mr. and Mrs. H. V. Flansberg, of St. Mathias, also died yesterday. The funeral will be held at St. Mathias this afternoon.

Died at Pasco, Washington.

John Milton Cole died at his home in Pasco, Washington, on January 2, 1903, after a prolonged illness brought on by typhoid fever.

Mr. Cole was born in Hartstown, Crawford county, Pennsylvania, on the 8th day of April, 1842, in which place he spent the earlier part of his life. Sometime afterward he became a locomotive engineer on the Wisconsin Central railroad. From there he went to Minnesota where he accepted a position with the Northern Pacific Ry. company. In January 1894, he and his wife came to Pasco, where they made their home, and he continued in the company's service until his late sickness which resulted in his death.

In 1871 Mr. Cole was united in marriage to Miss Anna Reilly, of Warren, Wisconsin and their union was blessed by three sons, one of whom died some years ago and was buried at Little Falls Minnesota. The other two, W. R. Cole, of Duluth, Minn., and J. B. Cole, of Centralia, Wash., survive to mourn with the grief stricken widow. On account of circumstances unavoidable, neither of the sons were present at his burial, which took place at the K. of P. cemetery.

For years Mr. Cole had lived an honest, Christian life, and was a member of the Congregational church. He had no enemies and his friends were many, being highly respected and loved by all, and the whole community in which he lived was filled with sorrow at his demise. Appropriate services were held at the M. E. church by Rev. E. H. Rubiean, after which a large concourse of friends followed the remains to its last resting place.

Osprey Plumes In Favor.

If there is one thing distinctive of the season's headgear, it is the osprey plume, says the New York Press. Combined with fur this is the essence of fashionable millinery. A sable and white osprey hat may be seen on Mrs. Astor when she drives, and most of her friends have at least one example of osprey feathers. The vogue of this plume was not started until late in the autumn, when London aristocratic women announced themselves in its favor. Osprey plumes derived immense impetus from the Hartopp divorce case. Every time Lady Hartopp, the defendant, appeared in the courtroom her golden brown hair was surmounted by one of the delicate plumes. Ospreys thereupon came into high favor.

White Oranges.

In a few years white oranges may grace the American dinner table or the Italian's fruit wagon, says the New York Tribune. One of the explorers of the agricultural department discovered this freak of nature in his rambles along the shores of the Mediterranean some months ago and brought some cuttings from the tree to the United States. These were carefully grafted on an ordinary stock at the department grounds and are now three feet high. A cutting of this plant was sent to Santa Ana, Cal., to be tried in that climate. A couple of years will see the first fruit. If it proves of fine flavor, cuttings will be widely scattered, and in time the white orange may be as plentiful as the seedless orange.

MUSIC AND DRAMA.

"LORD STRATHMORE"

"Moths" and "Under Two Flags" were Ouida's dramatic successes but "Lord Strathmore," promises to outclass them both. Mr. David Traitel had a version of Ouida's "Strathmore" constructed and it has met with public approval from the very start. It is what is termed a "problem play" of the modern type, full of strong dramatic pictures, teaches a moral lesson and at the same time is elevating to the mind.

Virginia Drew Trescott, leading lady with the "Lord Strathmore" company, who will appear in this city, is a well known Portland, Oregon society woman. Her life in that city, was as a leader of society and fashion, one of the requisites which fits an artist for drawing room scenes, such as predominate in "Lord Strathmore."

As "Lady Vavasour", Miss Trescott is required to make eight distinct changes of costume, and her gowns are reported to be marvels of the dressmaking art. Miss Trescott is not only an artist, a clever and beautiful woman, but an heiress as well.

During the recent engagement of the Fredrick Warde company in Honolulu, Miss Trescott appeared as "Lady Macbeth" in Macbeth; "Portia" in the Merchant of Venice; "Servia" in Virginus, and leading heavies. The part of "Lady Vavasour" in which she appears in this city is her ideal character, and the press and public unite in crediting her with a perfect rendition of Ouida's most fascinating heroine.

"Lord Strathmore" comes to the Brainerd theatre Thursday, Jan. 15th.

Seats on sale tomorrow at 10 a. m. at Dunn's.

WALKER WHITESIDE COMPANY.

On next Saturday evening Jan. 17, Walker Whiteside will present an extraordinary revival of "Richard the Third" at the Brainerd theatre. King Richard III is the most vivid character ever depicted by Shakespeare, and it will always be regarded with much interest by theatre goers, but during recent years few actors have devoted themselves to its portrayal. Perhaps an appreciation of these facts has induced Walker Whiteside to give it a prominent place in his repertory; or it may be that he has held it in abeyance until a riper experience and a more robust strength should come with years.

Be that as it may, this tragedian, but now in the strength of his maturity, is presenting an elaborate production of this great play this season. "Richard III" is rich in opportunity for display of costly and gorgeous gowns and costumes and scenic environment, and no expense of money or energy has been spared in an effort to present a glittering, spectacular production of the play.

"MISS ADELAIDE THURSTON."

Dainty and pretty little Adelaide Thurston, supported by a company of reputed merit, is going to be seen here in her great success, "At Cozy Corners" shortly. The play is a comedy-drama with some thrilling scenes. The production has been much admired elsewhere for its purity, poetical sweetness and general truthfulness to nature. The scenic features are described as splendid, and we are assured of a treat.

Two million Americans suffer the torturing pangs of dyspepsia. No need to Burdock Blood Bitters cures. At any drug store.

JOHN GUYETTE IN HOCK.

He was Arrested on Complaint of His Wife Who Claims He Threatened Her With An Ax.

John Guyette spent the night in the city calaboose and this morning at 10 o'clock his wife was to have appeared in the municipal court to substantiate the charge against her hubby, but her heart must have weakened for at the appointed hour she was a minus quantity. She called for the police and claimed that John had threatened to beat her with the sharp edge of an ax. The husband, however claims that she is talking through her skypiece, that he simply went out to the woodshed to get the ax to do manual labor and the thought of doing bodily harm was farthest from his mind. Guyette was taken back to jail and the case was adjourned until 2 o'clock this afternoon.

Death of Two Infants.

Yesterday the death of Mary the eight months old babe of Mr. and Mrs. Sam Walstrom, living three miles west of the city, occurred. The funeral was held from the home this afternoon, the Rev. N. P. Gleim officiating.

Lillian, the nine months old babe of Mr. and Mrs. H. V. Flansberg, of St. Mathias, also died yesterday. The funeral will be held at St. Mathias this afternoon.

Died at Pasco, Washington.

John Milton Cole died at his home in Pasco, Washington, on January 2, 1903, after a prolonged illness brought on by typhoid fever.

Mr. Cole was born in Hartstown, Crawford county, Pennsylvania, on the 8th day of April, 1842, in which place he spent the earlier part of his life. Sometime afterward he became a locomotive engineer on the Wisconsin Central railroad. From there he went to Minnesota where he accepted a position with the Northern Pacific Ry., company. In January 1894, he and his wife came to Pasco, where they made their home, and he continued in the company's service until his late sickness which resulted in his death.

In 1871 Mr. Cole was united in marriage to Miss Anna Reilly, of Warran, Wisconsin and their union was blessed by three sons, one of whom died some years ago and was buried at Little Falls Minnesota. The other two, W. R. Cole, of Duluth, Minn., and J. B. Cole, of Centralia, Wash., survive to mourn with the grief stricken widow. On account of circumstances unavoidable, neither of the sons were present at his burial, which took place at the K. of P. cemetery.

For years Mr. Cole had lived an honest, Christian life, and was a member of the Congregational church. He had no enemies and his friends were many, being highly respected and loved by all, and the whole community in which he lived was filled with sorrow at his demise. Appropriate services were held at the M. E. church by Rev. E. H. Rubieam, after which a large concourse of friends followed the remains to its last resting place.

Osprey Plumes In Favor.

If there is one thing distinctive of the season's headgear, it is the osprey plume, says the New York Press. Combined with fur this is the essence of fashionable millinery. A sable and white osprey hat may be seen on Mrs. Astor when she drives, and most of her friends have at least one example of osprey feathers. The vogue of this plume was not started until late in the autumn, when London aristocratic women announced themselves in its favor. Osprey plumes derived immense impetus from the Hartopp divorce case. Every time Lady Hartopp, the defendant, appeared in the courtroom her golden brown hair was surmounted by one of the delicate plumes. Ospreys thereupon came into high favor.

White Oranges.

In a few years white oranges may grace the American dinner table or the Italian's fruit wagon, says the New York Tribune. One of the explorers of the agricultural department discovered this freak of nature in his rambles along the shores of the Mediterranean some months ago and brought some cuttings from the tree to the United States. These were carefully grafted on an ordinary stock at the department grounds and are now three feet high. A cutting of this plant was sent to Santa Ana, Cal., to be tried in that climate. A couple of years will see the first fruit. If it proves of fine flavor, cuttings will be widely scattered, and in time the white orange may be as plentiful as the seedless orange.

MUSIC AND DRAMA.

"LORD STRATHMORE"

"Moths" and "Under Two Flags" were Ouida's dramatic successes but "Lord Strathmore" promises to outclass them both. Mr. David Traile had a version of Ouida's "Strathmore" constructed and it has met with public approval from the very start. It is what is termed a "problem play" of the modern type, full of strong dramatic pictures, teaches a moral lesson and at the same time is elevating to the mind.

Virginia Drew Trescott, leading lady with the "Lord Strathmore" company, who will appear in this city, is a well known Portland, Oregon society woman. Her life in that city, was as a leader of society and fashion, one of the requisites which fits an artist for drawing room scenes, such as predominate in "Lord Strathmore."

As "Lady Vavasour", Miss Trescott is required to make eight distinct changes of costume, and her gowns are reported to be marvels of the dressmaking art. Miss Trescott is not only an artist, a clever and beautiful woman, but an heiress as well.

During the recent engagement of the Fredrick Warde company in Honolulu, Miss Trescott appeared as "Lady Macbeth" in Macbeth; "Portia" in the Merchant of Venice; "Servia" in Virginius, and leading heavies. The part of "Lady Vavasour" in which she appears in this city is her ideal character, and the press and public unite in crediting her with a perfect rendition of Ouida's most fascinating heroine.

"Lord Strathmore" comes to the Brainerd theatre Thursday, Jan. 15th.

Seats on sale tomorrow at 10 a. m. at Dunn's.

WALKER WHITESIDE COMPANY.

On next Saturday evening Jan. 17, Walker Whiteside will present an extraordinary revival of "Richard the Third" at the Brainerd theatre. King Richard III is the most vivid character ever depicted by Shakespeare, and it will always be regarded with much interest by theatre goers, but during recent years few actors have devoted themselves to its portrayal. Perhaps an appreciation of these facts has induced Walker Whiteside to give it a prominent place in his repertory; or it may be that he has held it in abeyance until a ripe experience and a more robust strength should come with years. Be that as it may, this tragedian, but now in the strength of his maturity, is presenting an elaborate production of this great play this season. "Richard III" is rich in opportunity for display of costly and gorgeous gowns and costumes and scenic environment, and no expense of money or energy has been spared in an effort to present a glittering, spectacular production of the play.

"MISS ADELAIDE THURSTON."

Dainty and pretty little Adelaide Thurston, supported by a company of reputed merit, is going to be seen here in her great success, "At Cozy Corners" shortly. The play is a comedy-drama with some thrilling scenes. The production has been much admired elsewhere for its purity, poetical sweetness and general truthfulness to nature. The scenic features are described as splendid, and we are assured of a treat.

MAKE NEEDED IMPROVEMENTS

Communication Received by Sec.
Mahlum From State Auditor
On Matter.

It will be remembered that at a recent meeting of the board of education, Superintendent Hartley had a communication to the board touching on the great need in the city of Brainerd for more room and recommending that an addition be built to the Washington school building which would be adequate for all present demands. The superintendent pointed out the dire need of speedy action in the matter and the board in consequence took the matter up at that meeting. A motion prevailed that the question be referred to a special committee to investigate and report. President Congdon appointed on this committee the following gentlemen: Messrs. Hagberg, Bean, Storm, Erikson and Johnson.

This committee held a meeting on Friday evening and they prepared a report favorable to the recommendations made by Supt. Hartley and also recommended that the president call a special meeting of the board for Saturday evening to discuss the matter.

This last meeting was not called by President Congdon, for the reason as he states, that the board was not in a position to take the matter up and handle it intelligently, as it was not known how the district stood with the state.

President Congdon did, however, direct Secretary Mahlum to correspond with the state auditor and ascertain if the Brainerd school district was in a position to receive funds from the state to make the improvements mentioned. He believed that in doing this he was taking the first step in the right direction.

Secretary Mahlum did write to the state auditor and today he received word that the Brainerd school district could not at the present time borrow money from the state as it had already overdrawn its account, under the provisions of the law governing such cases.

Under the law a school district may borrow from the state any amount up to seven per cent of its real taxable valuation. This was a point upon which some of the members of the board were not clear, and it was well that the state auditor was consulted. It was generally supposed that the law provided that a school district could issue bonds to the state up to the amount of seven per cent of both the real and personal property valuation, but it seems according to the state auditor that the personal tax valuation cannot be counted in, so that Brainerd's leeway in the matter is greatly reduced.

The total valuation of the district real and personal, is something like \$2,000,000. Of this the personal valuation is about \$500,000. The school district is already bonded for \$110,000 so that it can be seen that the district has really overdrawn to the amount of \$10,000. If, as it was thought, the law applied to personal as well as real valuation in the district, the board of education could have made a loan of about \$30,000. This, it was thought, would relieve the present condition of affairs very well.

Some of the most sanguine members of the board are pretty well discouraged over the turn of affairs. Their experience has taught them to deal with the state in these matters is the most satisfactory way. The state charges but four per cent interest on the bonds and there never would really be any rush about paying them up.

The only other remedy left, if the district decides that it must have more room in the city schools, is to place bonds on the market. One of the amendments voted on at the last election was for the increase of the amount that could be loaned to school districts from the state from seven to fifteen per cent of the assessed real estate valuation of the district, but of course the amendment was lost in the shuffle.

The general laws of the state of Minnesota provides for the issuing of bonds for sites and buildings. The law is as follows: "That in all cases

where the legal voters of any independent school district shall have, after January 1, 1901, at a legally called meeting, by a majority vote of those present and voting, authorized the purchase of a site or sites, the erection thereon of a school house or school houses, the erection of a school house or school house addition thereto on a site or sites already owned by said independent school district, the completion thereof, and designated the amount of money to be raised for such purposes, or any of them, the board of education of such independent school district may issue bonds of such district for the amount so designated, which bonds shall be signed by the president and secretary of such board of education. Such bonds shall be payable in such amounts and at such times, with such interest not exceeding five per cent per annum, as the board of education may direct, and shall not be sold for less than their par value."

Secretary Mahlum has mailed a copy of this law to President Congdon and a meeting will probably be called.

Remains of Two Men at Losey & Deans' Undertaking Establishment Without Relatives or Friends.

At the Losey & Deans' undertaking establishment the remains of two men are being held for some word from relatives or friends to claim them. J. J. White is the name of one of the men. He died at the Northern Pacific sanitarium some two weeks ago. He was brought to the hospital from the Dakota division and when he was received it was understood that he had a family living in the state of North Dakota somewhere. Since his death, however, Dr. Courtney has been unable to find any trace of his family. The remains will be held a few days longer in the hope that his relatives may be located, after which they will be interred.

John Welch is the name of another man who has been at the morgue for a few days. He was employed in one of the Pine Tree Lumber Co. camps north of the city during the winter. He was being brought down from the camp quite sick and died while on the way to the hospital. The man was never known to write or receive a letter and it is not known by the company with which he was employed whether he had relatives living or not. An effort is being made, however, to locate some one of near kin, but it is not likely that those interested will succeed.

Vital Questions as to the Government and Finance of the A. O. U. W. to Come Up.

The annual meeting of the supreme lodge of the Ancient Order of United Workmen will be held in St. Paul from June 9 to 16, and Brainerd Workmen are much interested in the result. More than a thousand delegates, officers and visitors from every state will attend.

Vital questions as to the government and finance of the order will be acted upon, and many social functions in the line of banquets, receptions and re-unions will be given by the St. Paul members, says the St. Cloud Journal-Press.

The Degree of Honor, which is the women's auxiliary of the United Workmen, will hold its annual meeting from June 9 to 13. Fully 500 delegates and friends will attend this session. The program, the details of which have not been decided, will include besides the business session, trolley rides, excursions, visits to the show places of St. Paul and vicinity.

An attempt will be made at the meeting of the United Workmen to pass an amendment to the national constitution whereby the classified assessment plan will supplant the level assessment scheme under which the order now operates. This means that the amount of each assessment will be determined by the age of the member, whereas, under the present system all assessments are equal. All the states except thirteen, including Minnesota, have adopted the classified plan, and strenuous efforts will be made to get the thirteen to fall into line.

The argument which the promoters of the new idea use is that it is absolutely necessary to induce young men to join the order and thus lower the average age of the members. Under the present system, they say, proposed candidates put off the time of joining on the ground that the assessment will not be higher at a later date. Consequently, they argue, the average age is constantly increasing, and the sore need is for fresh, young and vigorous blood.

Many Minnesota members will fight the new scheme. A large percentage of the members are well along in years and consider the innovation as a plot to "freeze them out." Their assessment will be doubled, and in some instances tripled, while young men will be admitted at a nominal rate. They insist that while they were young they had to pay the regulation assessment, and they see no reason why future candidates should be treated more leniently.

The membership of the order is 475,000 in the United States, 27,000 in Minnesota, and 5,000 in St. Paul. It was organized in Meadville, Pa., thirty-five years ago. The grand lodge of the state of Minnesota meets annually at St. Paul and Minneapolis alternately. The national meeting was held last year at Portland, Ore.

Home of Judge Holman of Pequot Threatened With Fire Sunday Afternoon During High Wind

Judge Holman, of Pequot, is in the city and he relates a rather dramatic experience that he and his family had at Pequot on Sunday afternoon.

A fire started from the chimney somehow and at first the efforts to extinguish it were in vain. Mrs. Holman is sick and it seemed sure death to take her out in the cold, but every preparation to do so had been made when the fire was checked. Considerable damage was done to the house and the furniture.

NO RELATIVES TO CLAIM THEM.

Remains of Two Men at Losey & Deans' Undertaking Establishment Without Relatives or Friends.

At the Losey & Dean undertaking establishment the remains of two men are being held for some word from relatives or friends to claim them. J. J. White is the name of one of the men. He died at the Northern Pacific sanitarium some two weeks ago. He was brought to the hospital from the Dakota division and when he was received it was understood that he had a family living in the state of North Dakota somewhere. Since his death, however, Dr. Courtney has been unable to find any trace of his family. The remains will be held a few days longer in the hope that his relatives may be located, after which they will be interred.

John Welch is the name of another man who has been at the morgue for a few days. He was employed in one of the Pine Tree Lumber Co. camps north of the city during the winter. He was being brought down from the camp quite sick and died while on the way to the hospital. The man was never known to write or receive a letter and it is not known by the company with which he was employed whether he had relatives living or not. An effort is being made, however, to locate some one of near kin, but it is not likely that those interested will succeed.

NEW GROCERY FIRM.

Englebreton & Dahl Buy Out the Stock of Groceries Belonging to William Murray on Laurel St.

William Murray left this morning with Contractor C. B. White for Smiley, where a new store building is to be erected for him. Mr. Murray has sold his grocery business to S. E. Englebreton and Ole Dahl, both well known and popular young business men of the city, and they have already taken charge. The firm will be Englebreton & Dahl.

Mr. Englebreton has been with Mrs. Lagerquist for some time and previous to that worked for other grocers in the city. He is extremely popular and should have a large following.

Mr. Dahl has been with Mr. Murray for some time and he is also one of the leading young grocers in the city.

INTEREST IN ANNUAL MEETING.

Vital Questions as to the Government and Finance of the A. O. U. W. to Come Up.

The annual meeting of the supreme lodge of the Ancient Order of United Workmen will be held in St. Paul from June 9 to 16, and Brainerd Workmen are much interested in the result. More than a thousand delegates, officers and visitors from every state will attend.

Vital questions as to the government and finance of the order will be acted upon, and many social functions in the line of banquets, receptions and re-unions will be given by the St. Paul members, says the St. Cloud Journal-Press.

The Degree of Honor, which is the women's auxiliary of the United Workmen, will hold its annual meeting from June 9 to 13. Fully 500 delegates and friends will attend this session. The program, the details of which have not been decided, will include besides the business session, trolley rides, excursions, visits to the show places of St. Paul and vicinity.

An attempt will be made at the meeting of the United Workmen to pass an amendment to the national constitution whereby the classified assessment plan will supplant the level assessment scheme under which the order now operates. This means that the amount of each assessment will be determined by the age of the member, whereas, under the present system all assessments are equal. All the states except thirteen, including Minnesota, have adopted the classified plan, and strenuous efforts will be made to get the thirteen to fall into line.

The argument which the promoters of the new idea use is that it is absolutely necessary to induce young men to join the order and thus lower the average age of the members. Under the present system, they say, proposed candidates put off the time of joining on the ground that the assessment will not be higher at a later date. Consequently, they argue, the average age is constantly increasing, and the sore need is for fresh, young and vigorous blood.

Many Minnesota members will fight the new scheme. A large percentage of the members are well along in years and consider the innovation as a plot to "freeze them out." Their assessment will be doubled, and in some instances tripled, while young men will be admitted at a nominal rate. They insist that while they were young they had to pay the regulation assessment, and they see no reason why future candidates should be treated more leniently.

The membership of the order is 475,000 in the United States, 27,000 in Minnesota, and 5,000 in St. Paul. It was organized in Meadville, Pa., thirty-five years ago. The grand lodge of the state of Minnesota meets annually at St. Paul and Minneapolis alternately. The national meeting was held last year at Portland, Ore.

The Mountain View Route.

This is what the Northern Pacific—Shasta, or Shasta-Northern Pacific Route—it reads as well backward as forward—may well be called.

The route takes its name from Mt. Shasta in northern California. This white, snow capped peak, at the foot of which the Shasta route winds, is 14,350 feet high. The mountain is in plain view for several hours from the train and its distance from the track varies from twelve to seventy-five miles.

The beautiful scenery of the Sacramento river at the base of Shasta, is connected with this route only. Castle Crags, Mossbrae Falls and the natural twin soda fountains at Shasta Springs are scenic gems.

The crossing of the Siskiyou range furnishes the par excellence of railway mountain scenery and observation cars are furnished there free of charge. Then in succession comes Mts. Jefferson, Hood—a beautiful mountain—St. Helens, Rainier—14,532 feet high—and Adams, all former active volcanoes and now covered with glaciers.

From Portland a steamboat ride trip up the noble Columbia river to the Cascades and Dalles enables the tourist to see a river, palisades, waterfalls and mountains far surpassing anything the Hudson can show.

An opportunity is also given to visit Tacoma, Seattle, Victoria, Vancouver and the Puget Sound region. Then follow the cascade range and the Rockies, and best of all, a stop can be made at Yellowstone Park.

This line traverses the finest scenic region of the United States—don't forget it, and see that your return tickets home from California read around this way.

The train service between Portland and the Puget Sound country, and Duluth, Minneapolis and St. Paul via Spokane, Butte and Helena, is unsurpassed, including through trains daily, one of which is the noted "North Coast Limited."

Thousands of Sheep and Cattle Perish Near Mandan, N. D.

Mandan, N. D., Jan. 13.—News comes from the southeastern part of the county of the loss of 5,000 sheep and 300 head of cattle belonging to different ranchers by a prairie fire in the late high winds. Seventeen ranchmen suffered heavily, some of their houses being swept away by the flames.

PORTO RICAN LEGISLATURE.

Will Grant Sites for Naval Stations at San Juan and Culebra.

San Juan, P. R., Jan. 13.—The insular legislature was convened during the day and organized to hear Governor Hunt's message.

The legislature will recommend that the island surrender all claim to those lands which may be set aside by President Roosevelt for national purposes, and the legislature will grant sites for American naval stations here and at Culebra. It is understood that this plan is in pursuance of an agreement with regard to the location of naval stations in those waters which has been effected with Washington. The failure to provide for naval stations last year was due in part to the refusal of Porto Rico to surrender the desired territory without compensation.

Fairbanks Renominated.

Indianapolis, Jan. 13.—Charles W. Fairbanks was selected as the candidate of the Republican members of the general assembly for reelection to the United States senate at the joint caucus held during the evening in the house of representatives. No other name was suggested to the caucus. The election will be held Jan. 29.

BRONCHITIS

We Know is Hard to Control.

Our Vinol is Making a Wonderful Record in Curing This Dangerous Disease.

CALL AND LET US TELL YOU ABOUT IT.

Here is a letter that has just come to our attention. It will interest people suffering from bronchial troubles. It is from Mr. Geo. W. Brown, of So. Hanover, N. H., and reads as follows:

"I have suffered with bronchial troubles for over a year; tried two doctors and have taken three or four kinds of medicine, none of which did me any good. At times I was so hoarse I could not speak. Then I heard of Vinol. After taking three bottles of it my voice has perfectly returned to me. I can see that in a short time I will be all right. When I began to take it I was very weak, but it has built me up and given me a good appetite."

This is what Vinol always does. This is the way Vinol accomplishes its mission of doing good.

Vinol, as we wish every one to know, owes its power of accomplishing the cures that it effects to the fact that it contains the most wonderful medicinal elements known to science for the cure of all wasting diseases, as well as being in itself a marvelous tonic. These medicinal properties exist and have heretofore been found only in cod-liver oil. Vinol contains these elements. For by a scientific process the necessary curative properties of the cod-liver oil have been separated from the fat and grease which formerly made cod-liver oil preparations so objectionable.

As long as Vinol does not contain any of the vile-smelling oil, and is prepared by combining the sought-after properties with a delicate table wine, it is a most delicious and palatable preparation.

We know of what we speak when we recommend Vinol, and because we do know that Vinol does all we claim for it, we unhesitatingly endorse it, and guarantee at any time to refund the money paid for the remedy if you are not satisfied it will do all we claim for it.

DENIES FRED AMES NEW TRIAL.

Judge Brooks Hands Down Decision After Two Weeks' Deliberation.

Minneapolis, Jan. 13.—Judge Brooks during the morning denied the motion for a new trial for Fredrick W. Ames, former chief of police. The motion was argued two weeks ago.

The decision simply denies the motion, without any comment whatever, and contains but ten typewritten lines and is the shortest on record in a case of the kind.

Attorney Welch has filed his papers for an appeal to the supreme court.

SHEEP STEALING CASE.

Two Wealthy Montana Stockmen Given a New Trial.

Helena, Mont., Jan. 13.—The supreme court has granted a new trial in the celebrated Broadbent and Donaldson sheep stealing case from Dawson county on the ground that the lower court committed errors during the trial. Donaldson and Broadbent were the two best known stockmen of Dawson county, both being wealthy. Each received a sentence of eight years for alleged theft of bands of sheep.

KILLS A FORMER BOARDER.

Michigan Woman Fires After Warning Him to Go Away.

Portland, Mich., Jan. 13.—Mrs. Oscar Chase shot and instantly killed Asa Manhart, a former boarder, at her home here during the day. Mrs. Chase had forbidden Manhart to come to her house. During the afternoon, however, he came and began hammering on the door. Mrs. Chase warned him to desist, but he paid no attention. The woman shot through a window, killing him instantly.

The Mountain View Route.

This is what the Northern Pacific
Shasta, or Shasta-Northern Pa-
cific Route—it reads as well back-
ward as forward—may well be
called.

The route takes its name from Mt.
Shasta in northern California. This
white, snow capped peak, at the foot
of which the Shasta route winds, is
14,350 feet high. The mountain is in
plain view for several hours from the
train and its distance from the track
varies from twelve to seventy-five
miles.

The beautiful scenery of the Sacra-
mento river at the base of Shasta, is
connected with this route only.
Castle Crags, Mossbrae Falls and
the natural twin soda fountains at
Shasta Springs are scenic gems.

The crossing of the Siskiyou range
furnishes the par excellence of rail-
way mountain scenery and observa-
tion cars are furnished there free of
charge. Then in succession comes
Mts. Jefferson, Hood—a beautiful
mountain—St. Helens, Rainier—14-
532 feet high—and Adams, all for-
mer active volcanoes and now cover-
ed with glaciers.

From Portland a steamboat ride
trip up the noble Columbia river to
the Cascades and Dalles enables the
tourist to see a river, palisades,
waterfalls and mountains far sur-
passing anything the Hudson can
show.

An opportunity is also given to
visit Tacoma, Seattle, Victoria, Van-
couver and the Puget Sound region.

Then follow the cascade range and
the Rockies, and best of all, a stop
can be made at Yellowstone Park.

This line traverses the finest scenic
region of the United States—don't
forget it, and see that your return
tickets home from California read
along this way.

The train service between Port-
land and the Puget Sound country,
and Duluth, Minneapolis and St.
Paul via Spokane, Butte and Helena,
is unsurpassed, including through
trains daily, one of which is the
noted "North Coast Limited."

TWO PEOPLE KILLED.

Fire in a Negro Lodginghouse at St.
Louis.

St. Louis, Jan. 13.—Fire broke out
in a negro lodginghouse in West Pine
street and Mrs. Helen Brown and her
daughter, Eugenia, were killed by
jumping from an upper floor. Jennie
Johnson was badly bruised by jump-
ing. The other twenty-one lodgers es-
caped, saving only their night clothing.

PORTO RICAN LEGISLATURE.

Will Grant Sites for Naval Stations at
San Juan and Culebra.

San Juan, P. R., Jan. 13.—The in-
sular legislature was convened during
the day and organized to hear Gov-
ernor Hunt's message.

The legislature will recommend that
the island surrender all claim to those
lands which may be set aside by Pres-
ident Roosevelt for national purposes,
and the legislature will grant sites
for American naval stations here and
at Culebra. It is understood that this
plan is in pursuance of an agreement
with regard to the location of naval
stations in those waters which has
been effected with Washington. The
failure to provide for naval stations
last year was due in part to the re-
fusal of Porto Rico to surrender the
desired territory without compensa-
tion.

Fairbanks Renominated.

Indianapolis, Jan. 13.—Charles W.
Fairbanks was selected as the candi-
date of the Republican members of the
general assembly for reelection to the
United States senate at the joint
caucus held during the evening in the
house of representatives. No other
name was suggested to the caucus.
The election will be held Jan. 29.

Arkansas Legislature Meets.

Little Rock, Ark., Jan. 13.—The
thirty-fourth general assembly of Ar-
kansas organized during the afternoon.
Tuesday, Jan. 20, was fixed as the day
for balloting for the United States
senatorship. Former Governor James
P. Clarke has a majority of the in-
structed votes over Senator James K.
Jones.

Oregon Legislature Organizes.

Salem, Ore., Jan. 13.—The Oregon
legislature met during the day. George
C. Brownell was elected president of
the senate and L. T. Harris speaker of
the house. Both men had the support
of C. W. Fulton, one of the leading
candidates for the United States sen-
ate.

Washington Solens Assemble.

Olympia, Wash., Jan. 13.—The Wash-
ington legislature convened during the
day. Dr. W. H. Hare, Republican, of
Yakima county, was elected speaker of
the house, and Dr. J. J. Smith, Republi-
can, of King county, president of the
senate.

Lawmakers of Utah Meet.

Salt Lake, Utah, Jan. 13.—The fifth
biennial session of the Utah legisla-
ture met during the day. The Republi-
cans control both branches by heavy
majorities.

BATTLE IN A DULUTH CHURCH.

Janitor Murderously Assaulted by an
Unidentified Man.

Duluth, Jan. 13.—Alvah Cornelius,
janitor of the First Presbyterian
church of this city, was murderously
assaulted by an unknown man in the
church during the morning and nar-
rowly escaped with his life. The as-
sault was made with a heavy hardwood
pointer, which was broken over the
victim's head. The assailant escaped.

Blow May Prove Fatal.

Grand Forks, N. D., Jan. 13.—Robert
Armstrong, an aged resident of Em-
erson, and at one time county judge of
Pembina county, while trying to dis-
cover the cause of a row at the Anglo-
American hotel in Emerson, was struck
on the head with a knife by a negro,
who was fighting with several white
men, and who mistook Armstrong for
one of his assailants. The wounded
man is in a critical condition.

BRONCHITIS

We Know is Hard to
Control.

Our Vinol is Making a Won-
derful Record in Curing
This Dangerous
Disease.

CALL AND LET US TELL YOU
ABOUT IT.

Here is a letter that has just come to
our attention. It will interest people
suffering from bronchial troubles. It
is from Mr. Geo. W. Brown, of So. Han-
over, N. H., and reads as follows:

"I have suffered with bronchial trou-
bles for over a year; tried two doctors
and have taken three or four kinds of
medicine, none of which did me any
good. At times I was so hoarse I
could not speak. Then I heard of
Vinol. After taking three bottles of
it my voice has perfectly returned to
me. I can see that in a short time I
will be all right. When I began to
take it I was very weak, but it has
built me up and given me a good appe-
tite."

This is what Vinol always does.
This is the way Vinol accomplishes its
mission of doing good.

Vinol, as we wish every one to know,
owes its power of accomplishing the
cures that it effects to the fact that it
contains the most wonderful medicinal
elements known to science for the cure
of all wasting diseases, as well as be-
ing in itself a marvelous tonic. These
medicinal properties exist and have her-
etofore been found only in cod-liver oil.
Vinol contains these elements. For by
a scientific process the necessary cura-
tive properties of the cod-liver oil have
been separated from the fat and grease
which formerly made cod-liver oil prepa-
rations so objectionable.

As long as Vinol does not contain any
of the vile-smelling oil, and is pre-
pared by combining the sought-after
properties with a delicate table wine,
it is a most delicious and palatable
preparation.

We know of what we speak when
we recommend Vinol, and because
we do know that Vinol does all we
claim for it, we unhesitatingly en-
dorse it, and guarantee at any time
to refund the money paid for the
remedy if you are not satisfied it
will do all we claim for it.

DENIES FRED AMES NEW TRIAL.

Judge Brooks Hands Down Decision
After Two Weeks' Deliberation.

Minneapolis, Jan. 13.—Judge Brooks
during the morning denied the motion
for a new trial for Fredrick W. Ames,
former chief of police. The motion
was argued two weeks ago.
The decision simply denies the mo-
tion, without any comment whatever,
and contains but ten typewritten lines
and is the shortest on record in a case
of the kind.

Attorney Welch has filed his papers
for an appeal to the supreme court.

SHEEP STEALING CASE.

Two Wealthy Montana Stockmen
Given a New Trial.

Helena, Mont., Jan. 13.—The su-
preme court has granted a new trial in
the celebrated Broadbent and Don-
aldson sheep stealing case from Daw-
son county on the ground that the
lower court committed errors during
the trial. Broadbent and Donaldson
were the two best known stockmen of
Dawson county, both being wealthy.
Each received a sentence of eight
years for alleged theft of bands of
sheep.

KILLS A FORMER BOARDER.

Michigan Woman Fires After Warning
Him to Go Away.

Portland, Mich., Jan. 13.—Mrs. Oscar
Chase shot and instantly killed Asa
Manhart, a former boarder, at her
home here during the day. Mrs. Chase
had forbidden Manhart to come to her
house. During the afternoon, however,
he came and began hammering on the
door. Mrs. Chase warned him to de-
sert, but he paid no attention. The
woman shot through a window, killing
him instantly.

ENGAGEMENT NEAR FEZ

SULTAN'S FORCES DEFEATED IN AN ENGAGEMENT WITH THE MOROCCO REBELS.

MINISTER OF WAR KILLED

Fighting Among the Tribes Also Proceeding in the Vicinity of Tangier and the Population is Greatly Alarmed and Asking for the Protection of Warships—Tribesmen Unsuccessfully Attack a Village.

London, Jan. 14.—The Tangier correspondent of the Morning Leader reports serious fighting outside of Fez. He says the sultan has been defeated and that he has escaped to the westward. War Minister Menebbi, one of the sultan's strongest pillars, was killed. All the consuls, excepting the British representative, have left Fez.

Fighting among the tribes is also proceeding near enough to Tangier for the shooting to be heard in the city. The population of Tangier is alarmed and is asking for the protection of warships. A local pasha took out a force to restore order, but he found it impossible to proceed, and has returned to Tangier.

TWO MILES FROM TANGIER.

Tribesmen Attack a Village Defended by Moroccan Troops.

London, Jan. 14.—In a dispatch from Tangier, dated Jan. 13, the correspondent of the Times says:

"A serious fight occurred today two miles outside of Tangier. Several hundred tribesmen attacked a village defended by only sixty men. The attacking party was repulsed and four of the number were killed. The fighting may be resumed at any moment. It does not involve any danger to Europeans, but it shows that the Moorish government is paralyzed by the rebellion and incapable of maintaining order."

BATTLE LASTS THREE DAYS.

Venezuelan Rebels Fail to Take the Town of Cumana.

Caracas, Jan. 14.—About 1,100 revolutionaries, under General Manuel Morales attacked Cumana, in the state of Bermudez, on the 4th, 5th and 6th of

this month. Cumana was defended by 500 government troops. On Jan. 6, after a hard fight, which lasted for seven hours and which was witnessed by the British cruiser Tribune, the revolutionists abandoned the field, leaving 300 Mauser rifles and 29,000 cartridges behind them and 200 of their number prisoners in the hands of the government forces. The statement has been obtained from rebel prisoners that if Cumana had been taken the revolutionary leader would have allowed his soldiers to sack the town for eight hours.

The revolutionists have been very active for the past week, knowing, as they do, that if the blockade is raised their cause will become more difficult.

WILL PAY THE EXPENSES.

Castro Offers to Stand the Cost of the Blockade.

London, Jan. 14.—In a dispatch from Rome, the correspondent there of the Daily Mail says:

"President Castro, through the United States, has informed the three powers that he is disposed to pay the expenses of maintaining the blockade. The revolutionists were on a condition that the blockade be raised immediately. He does not object to their warships remaining in Venezuelan ports."

"Italy is disposed to agree to this proposition, but she will be guided in her reply by the decisions of the other powers."

WILL AMOUNT TO \$150,000,000.

What the Transvaal Will Give Toward the Cost of the War.

Johannesburg, Jan. 14.—Colonial Secretary Chamberlain and the leaders of the mining community here have arrived at an agreement in the matter of a financial settlement. Under this agreement the Transvaal war contribution will amount to \$150,000,000. A guarantee also will be given for an imperial loan of \$150,000,000, which is to be expended in reproductive public works in the Transvaal and in the Orange River Colony.

An understanding was also reached regarding the labor question. It is believed the imperial government will consent to the importation of Chinese laborers for the mines.

Senator Mason Withdraws.

Springfield, Ill., Jan. 14.—Senator Mason during the day announced formally his withdrawal from the senatorial race. Congressman A. J. Hopkins of Aurora probably will be chosen without opposition.

Nine Deaths on a Transport.

San Francisco, Jan. 14.—There were nine deaths during the voyage of the transport Logan, which arrived here during the day from Manila.

YIELDS TO PRESSURE

GOVERNOR TAFT DECIDES TO RETAIN HIS PRESENT POSITION AT MANILA.

HIS HEART IN HIS WORK

President Roosevelt Receives a Telegram From Judge Taft Declining the Proffered Position of Justice of the United States Supreme Court—Rumors Says Judge William R. Day Will Be Appointed.

Washington, Jan. 14.—After mature deliberation it has been decided by the president that Judge Taft shall remain in the Philippines as civil governor. The decision was reached only after the president had discussed the Philippine question thoroughly with Secretary Root and other members of his cabinet, and with Vice Governor Luke E. Wright, who has been in this country for two months.

For several weeks it has been regarded as settled that Governor Taft would return to this country, perhaps in a few months, to become justice of the United States supreme court. President Roosevelt indicated to Governor Taft in a letter dispatched to the Philippines more than a month ago that he could have the appointment to the supreme bench if he desired it.

It was the president's purpose to name General Wright as civil governor of the Philippines. As soon as it was learned in the Philippines that Governor Taft was likely to leave the islands, cable protests began to pour in on the president from prominent Filipinos.

The protests received in no manner reflected on Vice Governor Wright, for whom the people of Manila, and of the islands generally, have the highest regard; but it was pointed out to the president that Governor Taft was ideally equipped for the position of governor, and that any change at this time would be disastrous to the best interests of the archipelago. It was maintained that Governor Taft's relinquishment of his post would retard the development of the islands fully five years.

Taft Willing to Remain.

Governor Taft is known, as one high official expressed it, to be thoroughly wrapped up in his work in the Philippines, his ambition has been to round out his career as a justice of the United States supreme court; but he has become imbued so entirely with the spirit of the great work to be accomplished in the Philippines and so perfectly in sympathy with the idea of the best classes in the islands, that he hesitated to relinquish his post at this time, even to accept the distinguished honor the president offered to confer on him. During the day, in response to the president's letter of offering to him the supreme justiceship, a cablegram was received from him suggesting with a sincere appreciation of the tender made to him by the president, that it might be better for him, in view of all the circumstances, to remain where he was.

After this it was announced unofficially, but entirely authoritatively, that Governor Taft would remain in the Philippines as civil governor of the Philippines.

During the afternoon Secretaries Root and Hay had long conferences with the president, at which the Philippine situation was canvassed in all its phases. Many serious problems are yet to be solved with respect to the islands, and the administration is looking with confidence to Governor Taft to reach such a solution of them as will be satisfactory to the people of this country, to the Filipinos and to the world.

OFFERED TO WILLIAM R. DAY.

Rumored He Will Be Appointed to the Supreme Bench.

Cleveland, Jan. 14.—The Washington correspondent of the Cleveland Leader telegraphs that paper as follows:

"The place on the supreme bench that was tendered to and declined by Governor W. H. Taft of the Philippine Islands, has been offered to William R. Day of Canton, O., and it is understood that Mr. Day will accept the appointment."

Mr. Day is now a United States circuit judge of the Sixth district.

WILL TAKE NO ACTION.

Canteen Question to Be Left Alone at Present Session.

Washington, Jan. 14.—No action will be taken by the house committee on military affairs or by congress on the canteen question at this session and no consideration is being given by the committee to any measure proposing the restoration of the canteen to the army post exchanges. This statement was made during the day by Chairman Hull, who has been in receipt daily of a vast number of letters, telegrams and petitions from all over the country.

Governor Hunt Reads His Message.

San Juan, P. R., Jan. 14.—Governor Hunt personally delivered his message at the joint session of the legislature during the day. He recommended little legislation and no radical change, so as to better and more fully test the laws now in operation.

LIVELY POLITICAL DEBATE.

Messrs. Grosvenor and Clark Entertain the House.

Washington, Jan. 14.—For the first time since the opening of this session of congress the house was regaled during the day with a lively political debate. General Grosvenor of Ohio and Mr. Clark of Missouri crossed swords during the general debate on the army appropriation bill, and for two hours both sides of the house cheered on their respective spokesmen. The contest was entirely good natured. It grew out of a controversy which Mr. Grosvenor and Mr. Clark have been carrying on in the newspapers over the former's statement in the house last December that the Democratic party had been wiped out at the last general election. General Grosvenor during the day undertook with figures to sustain his contention, and Mr. Clark, also with figures, to prove that the Democrats had an "even chance" to win the presidency in 1904. There were several brilliant clashes, and the house and the galleries were greatly entertained. The remainder of the day was occupied by Mr. Hull (Rep., Ia.), who argued against the abandonment of the army transport service, Mr. Shattuck (Rep., O.), who assailed Edward Atkinson and the anti-imperialists, Mr. Moon (Dem., Tenn.), who denounced the refusal of the house leaders to allow the consideration of the Indian Territory statehood bill, and who announced a policy of obstruction which he intended to pursue unless consideration was given it, Mr. Swanson (Dem., Va.), who argued the necessity for tariff revision, and Mr. Gaines (Dem., Tenn.), who urged the immediate advisability of placing coal on the free list.

WILL "STRING A LIVE WIRE."

Mr. Tillman Gives Notice of a Speech on Coal Situation.

Washington, Jan. 14.—The proceedings of the senate during the day were enlivened by several speeches affecting the reciprocity provision of the Dingley act. Senator Vest's resolution directing the committee on finance to report a bill removing the duty on coal was under discussion, Mr. Dolliver of Iowa vigorously attacked those senators responsible for the holding up of reciprocity treaties in the senate. He defended Secretary Shaw for issuing the order instructing collectors of customs to resolve differences regarding the grade of coal in favor of the importers. It is true, he declared, that Mr. Dingley had put the tariff rates high so that they could be reduced by reciprocity agreements. This statement caused Mr. Aldrich vehemently to denounce Mr. Dolliver and others for making it. The only intention, he said, of the reciprocity provision of the Dingley law was to secure agreements on non-competitive products and he contended that it was not to be expected that a Republican administration would negotiate treaties which would strike the heart of protection. The resolution went over, after Mr. Tillman had given notice that he would "string a live wire," and lay the blame for the present coal situation at the door of the president and the attorney general. Mr. Nelson concluded his remarks in opposition to the statehood bill and at 4:10 o'clock the senate went into executive session, adjourning soon afterward.

CALLS FOR PROMPT ACTION.

Senate Committee Agrees to Report House Bill Removing Coal Duty.

Washington, Jan. 14.—After the adjournment of the senate, the Republican members of the senate committee on finance held a conference of more than an hour's duration on the various resolutions before the senate for the removal of the tariff on anthracite coal.

They had before them the text of the house bill granting a rebate on the anthracite duty for twelve months and practically agreed to accept it without alteration if the Democratic committee could be induced to allow it to be so reported without delay. The opinion was quite unanimous that the situation calls for prompt action.

CLOSES ITS CASE.

Delaware and Hudson Company Finishes Calling Witnesses.

Philadelphia, Jan. 14.—Having occupied nearly three days in calling witnesses to testify in opposition to the demands made by the anthracite miners, the Delaware and Hudson company closed its case before the coal strike commission during the afternoon and the commission's attention was then called to the conditions existing in and about the collieries operated by the Erie company. This corporation manages the Hillside Coal and Iron Company and the Pennsylvania Coal company, and its counsel before the commission is Wayne MacVeagh of Philadelphia and Major Everett Warren of Scranton.

Another Raise for Engineers.

Louisville, Jan. 14.—According to the most reliable information obtainable an agreement has been practically effected between the management of the Louisville and Nashville and the locomotive engineers employed by the system, by which the men will receive half the increase in wages asked for Monday.

More Deaths From Plague.

Mazatlan, Mex. Jan. 14.—There have been several deaths from the plague and ten new cases during the day. A fund of \$20,000 has been given to aid in relieving the wants of distressed poor of the city.

DECLINES TO SETTLE

REPUBLIC OF SAN DOMINGO REFUSES TO PAY CLYDE LINE ANY INDEMNITY.

AMERICAN MINISTER FIRM

In December Mr. Powell Demanded Withdrawal of the Decree Changing the Port Dues and Afterwards Insisted That the Government Pay the Clyde Line \$325,000 and Recognize Other Rights of the Company.

San Domingo, Republic of San Domingo, Jan. 14.—The Dominican government during the day informed United States Minister Powell that it could not accept any of the propositions submitted by him looking to a settlement of the several matters now pending between the two governments. The recent decree of the Dominican government charging the former port dues is considered in some quarters here to be an indirect duty on the exportation of sugar amounting to \$2 per ton. Foreign shipping is deriving benefit from the conditions brought about by the decree. Norwegian steamers at present are employed in carrying sugar to the prejudice of American shipping interests.

It was announced from San Domingo in December that Minister Powell had demanded the withdrawal of the decree changing the port dues. Failing to comply with this demand, he insisted that the Dominican government pay the Clyde line of steamers the sum of \$325,000 alleged to be due that company and recognize certain other rights claimed by Minister Powell for the company. On Jan. 6, Minister Powell made a demand on the Dominican government for the immediate payment of the sum alleged to be due to the Clyde line.

RESUME THEIR SESSIONS.

Both Branches of the French Parliament Reassemble.

Paris, Jan. 14.—Both branches of parliament resumed their sessions during the day after an extended holiday recess. The session of the chamber of deputies was calm and uneventful, in marked contrast to the turbulent scenes which were witnessed on the eve of the recess.

M. Bourgeois was re-elected president by 336 out of 414 votes cast, the other candidates withdrawing. The government made known its purpose to keep the budget daily before the chamber until completed and announced its readiness to meet interpellations in concerning the application of the law of associations when the budget is passed. The question of the treatment of some of the congressional promises to occupy the chief place in the session.

EVIDENCE OF A COMBINE.

Coal Dealer Testifies Before Chicago Grand Jury.

Chicago, Jan. 14.—Proof that the large wholesale dealers sought to compel the small retail dealers to sell coal at the price quoted reached the grand jury during the day, when Henry Peterson, one of the small retail dealers, testified. He said he had been purchasing his coal from one of the large companies and was told not to sell the coal at less than \$10. He had cus-

tomers who he knew could not afford to pay the price, and he sold them the coal at the cost price without deducting the cost of hauling.

As a punishment for doing this Peterson claims the company refused to sell him any more coal and he has been unable to buy any since from any of the other large dealers because they said he would not keep the price up.

ATTACKS THE BEEF TRUST.

President Springer Addresses National Live Stock Association.

Kansas City, Jan. 14.—President John W. Springer's attack upon the beef trust, so-called, and the passage of memorials to congress urging that laws for the betterment of live stock conditions be enacted, were the features of the first day's session of the sixth annual convention of the National Live Stock association. President Springer, after declaring that the "American stockman proposes to take care of himself," served notice that those interests "must receive protection from the congress of the United States just as long as the finished products made from our materials are heavily protected."

FOR BISHOP OF ST. LOUIS.

Three Candidates for the Position Have Been Chosen.

St. Louis, Jan. 14.—At the residence of Archbishop Kain, the suffragan bishops of the archdiocese of St. Louis met during the day and selected their three candidates for the position of coadjutor bishop of St. Louis with the right of succession to Archbishop Kain.

After the conference, Rev. Father Byrne, chaplain to the archbishop, announced that the selection had been made, but would not be given out to the public at present.

Boy Hangs Himself.

Bemidji, Minn., Jan. 14.—Ed Delaney, fifteen years of age, living with his parents at Turtle, committed suicide by hanging himself with a clothes line. He was missed by members of the family and upon going to the barn, his lifeless body was found hanging from a rafter. His home relations were pleasant and no cause can be assigned for the act.

Noted Carriagemaker Dead.

New Bedford, Mass., Jan. 14.—George L. Brown, the most prominent individual manufacturer of carriages in the United States, died in this city during the day at the age of eighty. He was the first man in the United States to manufacture the old fashioned two-wheeled velocipede.

The Famous Tissot Paintings.

No modern achievement in art has created such enthusiasm as the works of the great French artist, reproducing upon canvas the life of Christ. Their marvelous accuracy of detail, their vivid Orientalism, their historical truthfulness and their great beauty give them priceless value. All reproductions are copyrighted and are so costly that they are unfamiliar. Hence the announcement that fifty of them will be exhibited with the stereopticon next Monday evening in the First Congregational church will be sure to draw a large audience. Rev. W. A. Vrooman, of St. Paul, will interpret the pictures, which are a few of those used in his series of lectures on "The Life of Christ in Art."

KNOW IT WELL.

Familiar Features Well Known to Hundreds of Brainerd Citizens.

A familiar burden in every home. The burden of a "bad back." A lame, a weak or an aching back. Tells you of kidney ills. Doans Kidney Pills will cure you. Here is Brainerd testimony to prove it:

Mrs. Moses Derocher, of 127, 7th street, south says: "Low down in the small part of my back there was a pain very distressing, by speils becoming much worse and causing me discomfort to say the least. My husband bought a box of Doan's Kidney Pills at the nearest drug store and I started taking them. The medicines which I had used failed to help me, but I can truthfully bear witness that Doan's Kidney Pills relieved my backache entirely and corrected a disorder of the kidneys which accompanied the backache."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co. and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

WANTS DAMAGES FROM THE M. & I.

Case of Mrs. O. C. Todahl vs the Minnesota & International Being Tried by

JUDGE McCLENAHAN THIS WEEK

Her Husband was Killed Some Time Ago at Lakeport in Hubbard County.

One of the most important cases being tried before Judge McClenahan at Park Rapids is the case of Mrs. O. C. Todahl vs the Minnesota & International Ry.

The plaintiff in this action asks \$5,000 damages for the death of her husband which she claims was caused by the negligence of the defendant company.

Mr. Todahl was killed some months ago at Lakeport, a small station on the M. & I. It is expected that the case will occupy the attention of the court nearly all this week.

KATRINE.

Mrs. John Simons is on the sick list.

C. A. Hunt made a flying trip to Brainerd Monday.

E. M. Phelps and family visited at M. H. Kneiff's recently.

Miss Marian Phelps spent the holidays with her parents at Oak Lawn.

Miss Belle Skillings who has been attending school in Brainerd is home again.

Ethel and Earl Archibald have returned to Brainerd to resume their studies.

Belle Skillings spent a few days with her sister Mrs. J. C. Godnard, of Aitkin.

The families of J. Rutger and O. Wasserzieher spent Sunday with Aitkin friends.

Bennett O'Fallon drove over from Wealthwood on the 3rd and took in the party at A. A. Miller's.

The young people of the neighborhood had a lively time during the holidays, surprise parties being the principal feature.

C. C. Wheeler and Chas. Coleman while on their way to their way home from the store Friday evening saw two large timber wolves. The boys had no fire arms so bloodshed was averted.

An infant child of J. G. Taylor who had been suffering from spasms died on the 3rd inst. Funeral services were held at the Bay Lake school house Monday, G. W. Hunt officiating.

ECHO.

Rosser--Peyton.

The following regarding the approaching wedding of a former Brainerd young lady, a niece of Mr. and Mrs. F. E. Low, of this city, is taken from the Duluth Herald:

"Invitations are out for the marriage of Miss Jean Rosser, daughter of Mr. and Mrs. J. C. Rosser, of Superior, to William R. Peyton, of Duluth. The wedding will take place on Wednesday afternoon, Jan. 21, at 3 o'clock, at the Episcopal Church of the Redeemer, in Superior. The bride will be attended by her sisters, Mrs. J. C. Gaggie, of Minneapolis, and Mrs. Frank Brown, of Crookston. The best man will be Hamilton Peyton, of Duluth. Dr. A. W. Ryan, of St. Paul's Episcopal church of this city will officiate. The bride is one of the most charming of the younger society girls and is well known in Duluth and Superior, and Mr. Peyton is a member of the Gowan-Peyton-Twohy company. After the ceremony Mr. and Mrs. Peyton will leave for an extended wedding trip through the east and upon their return will be at home in Duluth."

Annual Meeting.

The annual meeting of the First Congregational church will be held in the church parlors on Thursday evening, January 15th, at 7:30 p. m. for the election of regular officers, including two trustees to succeed I. T. Dean and R. K. Whiteley retiring, and for the transaction of such other business as may properly come before said meeting. Officers and societies will please prepare the usual reports for presentation at this meeting.

A PLUMBER MAYOR.

Reforms Planned by George P. Sullivan of Derby, Conn.

Mayor George P. Sullivan of Derby, Conn., has started off well as the new city executive, says the New York Evening Journal. He carries a memorandum book, in which he jots down the improvements that should be made, and the first entry in it was made because of his technical knowledge as a plumber. He found that the steam heating pipes in the basement of the city hall are not covered with asbestos and declared that one-third of the heat was in consequence going to waste.

"I stand first of all," said the mayor, "for good roads, clean streets and a perfect system of sanitation. That man Waring in New York hit the nail on the head good and hard when he said, 'Keep the city's health good, and the citizens will come pretty near taking care of themselves.' I've got a health commissioner and a street commissioner who will fill the bill, and Derby is going to be kept clean.

"There will be no contracts given out hereafter. The work is going to be done by the city, preference given to home talent. I propose to engage two

GEORGE P. SULLIVAN.
(Mayor of Derby, Conn.)

street sweepers and keep them busy day in and day out instead of giving a contract to a man who sweeps the town once a week with a sweeping machine. I believe in Waring's plan—keep the sweepers busy."

Mayor Sullivan is twenty-eight years old and has lived in Derby all his life. He has worked in nearly every house in the town, and everybody knows him. He worked as usual at his trade the other day until time to be inaugurated, when he asked to be let off for a few hours. "What for?" asked the man for whom he was working.

"This is the day I'm going to be inaugurated mayor of the city," calmly replied Sullivan, laying down his cold chisel and wiping the lampblack from his serious, boyish face.

"Great Scott! Why didn't you say so before?" said the other. "Go it! Take the rest of the day off, Mr. Mayor!"

TO HUNT BLACK IBISES.

An Attempt Will Be Made to Get Specimens of This Rare Bird.

At the request of New York taxidermists who desire specimens for mounting, the isolated Harney Lake country of eastern Oregon, said to be the only place in the United States where the black ibis can be found, will be scoured next spring for that rare bird, says a dispatch from Pendleton, Ore. to the Philadelphia Press.

The eastern Oregon black ibis is one of the scarcest birds in North America. Just why the species should have chosen the inaccessible lake country of Harney and Malheur counties for its abiding place is apparent; no railroad touches Harney and few people have ever crossed its borders. The black ibis likes solitude.

These birds appear around the lakes in March and stay until the end of May. They are then supposed to disappear, as no one has ever seen specimens around the lake at any other time. No one knows where they go.

KILL INNOCENT VILLAGERS.

Chinese Troops Massacre Twelve Hundred Persons.

Victoria, B. C., Jan. 14.—Mail advices from Hong Kong state that the rapid spread of the insurrection in South China is due to the excesses of the imperial troops of Marshal Su in Kwangsi. Marshal Su sent a force to avenge the death of General Ma, who was ambushed and executed by the rebels, and his force massacred 1,200 innocent villagers, while the rebels were engaged.

Dies of Cold in a Hovel.

Owosso, Mich., Jan. 13.—Charles Derr, aged seventy-five, was found frozen and dead during the day in a hovel where he had been living alone. The body was huddled against the stove as though the old man's last act had been an attempt to kindle a fire. Derr once had been wealthy.

CITY BANKS HOLD ANNUAL MEETINGS

Same Set of Officers Elected in Both the First National and N. P. Banks.

FARRAR ADVANCED A NOTCH.

Northern Pacific Bank Increases its Surplus Stock From \$7,500 to \$10,000.

Yesterday afternoon the First National and the Northern Pacific banks of the city held their annual meetings in the respective directors' room and besides transacting other important business elected officers and directors for the ensuing year.

At the First National bank there was a slight change in the official directorate. A. F. Ferris and G. D. LaBar were elected president and cashier respectively, but a new office, assistant cashier was created, and P. A. Farrar, who has been paying teller some time was elected to the position. Mr. Farrar has the esteem of everyone with whom he has had business dealings during the tenure of his service in the bank and his many friends will be glad to hear of the promotion.

The same officers were elected at the Northern Pacific bank, viz: President, Werner Hemstead; Vice President, J. F. McGinnis; Cashier H. D. Treglawny; Assistant Cashier, J. A. Batchelder. There was a change made in the surplus stock of the bank. It was increased from \$7,500 to \$10,000. This gives the bank a capital stock of \$25,000, with a surplus of \$10,000.

Dr. Forbes' Joke.

Rev. Robert Forbes of Duluth, chaplain of the house, is a leading man in the Methodist denomination, and leaped into fame by a joke, which he threw into a debate at the Chicago general conference. The discussion was over the admission of women as lay delegates, a step which Dr. Forbes strongly opposed. He got the floor and said:

"In the beginning God created the heavens and the earth. Then he made vegetation, creeping things, the animal world and man, and finally woman. Then God rested, and neither God nor man has ever rested since."

It could hardly be classed as an argument, but it brought down the house.—Journal.

THEIR ANNUAL BALL.

Hope Hose Co., No. 1. Have Made Arrangements for Their Big Ball on February 23.

Arrangements have been about completed for the annual ball of Hope Hose Company, No. 1, of this city, which will be given this year on the evening of February 23 in Gardner's hall. The company will turn the proceeds of this event into the fund for the tournament to be held in this city this summer. There will be everything done before that time to make the event one of the features of the midwinter social season. Committees will be named to take charge of the different kinds of work naturally connected with such an event.

SLANDER RESENTED.

Walker Has Been Misrepresented By a Correspondent from Cass Lake—Quiet and Law-Abiding.

The sentiment of hostility and jealousy entertained in Cass Lake toward Walker is continually cropping out, says a correspondent to the St. Paul Dispatch, but not often in so scandalous a manner as in the recent communication from the Cass Lake correspondent of the Dispatch in regard to selling liquor to Indians. It is true that such a traffic was going on here to some extent, and that Maj. Scott, realizing that it might increase, came over and had a conference with the citizens and very frankly outlined his programme, and asked for co-operation. His plan of action has received very general endorsement. It is not true as stated by your Cass Lake correspondent, that the conference was followed by orgies of Indians and lumber jacks.

On New Year's day there were many Indians and squaws in town but that was only in accordance with an annual custom and there was no excessive drinking. There were no drunken Indians hooting and yelling or lying about in the streets. In fact, since Maj. Scott took action there has been virtually no selling to Indians. There has been great and unjust exaggeration about the matter. A condition that might have developed into a serious evil was fortunately nipped in the bud, and Walker is justified in resenting the slur that has been cast upon it.

HEARD FROM RELATIVES.

Coroner Chas. Osterlund Hears From Iowa With a Good Description of John Welch.

Coroner Chas. Osterlund has heard from Iowa where it was thought that relatives of John Welch, who died while being brought to Brainerd from one of the camps of the Pine Tree Lumber Co. north of the city, live. The coroner got a telegram from Iowa this morning and it gave a very good description of the man who is now lying at the morgue. Mr. Osterlund has written the parties more fully and the remains will be held until a reply is received from there.

WOULD DIVIDE

THE THIRD WARD

Petition Being Circulated By Henry Joncas With this Object In View.

TO PETITION LEGISLATURE.

Claimed That A Division Would Be a Benefit to the North End.

There is a well shaped movement on foot by prominent residents of East Brainerd to have the Third ward, one of the largest wards in the city, divided, and a petition is now being circulated among taxpayers by Col. Henry Joncas with this end in view.

The Third ward is one of the largest in city as shown by the vote at the recent election, but the people in the mill district seem to think that they are being grossly neglected in matters pertaining to improvements. They argue that where such a large territory is represented by but two aldermen, that either a part suffers or the ward suffers in its entirety. There is great need, they claim, of improvements in the way of new sidewalks, more light and better streets, but there does not seem to be any possibility of getting these improvements under the present regime.

As soon as the petition is sufficiently signed City Attorney Fleming will be called upon to draft a proper bill and the state legislature will be asked to take favorable action on the same. It is not learned that there is any opposition so far to the move.

THE GUYETTE CASE.

No Appearance Made Against John Guyette And He was Released Last Night Again.

The article in THE DISPATCH yesterday regarding the John Guyette case perhaps did Mrs. Guyette, who has had great difficulties to contend with, an injustice in that it referred to her side of the case slightly. This morning Mrs. Guyette stated that she would have been in court yesterday morning to appear against her husband but she was told by Officers Preston and Hurley who arrested Guyette that she would be notified of the hour. She therefore did not know the hour.

Mrs. Guyette tells a thrilling story of how her husband came home with an ax in his hand, came in and called her to his side. The woman and all her children were frightened to death and ran out of the house to telephone for the police.

Mrs. Guyette states that her husband has been a heavy drinker for years and she has been obliged to support herself and little children. He would go off for weeks and months at a time and would never send a dollar home.

Last night Guyette found the door locked when he tried to get into the house and it is now quite likely that a divorce suit, which was started some time ago, will be pushed.

MUSIC AND DRAMA.

"LORD STRATHMORE"

"Lord Strathmore" will be the attraction at the Brainerd Theatre tomorrow night. This is the problem play that has created such an impression over the country, and is the only authorized dramatic version of Ouida's famous novel "Strathmore," "Moths" and "Under Two Flags" by the same author have held popular favor for some time and now this latest Ouida dramatization, and judging from the flattering comments of the press, "Lord Strathmore" bids fair to outclass all this popular novelist's efforts. Mr. Traffel, who personally directs this company's tour, has spared neither time nor money to give the public a first class production. The drama is divided into five acts, with special scenery for each act. The cast was selected from the best talent and is headed by Virginia Drew Trescott. The supporting company is strictly first-class and will undoubtedly form a splendid evening's amusement.

Seats now selling at Dunn's drug store.

WALKER WHITESIDE COMPANY.

"Hence babbling dreams! you threaten here in vain. Conscience lie still. Richard's himself again."

"Off with his head, so much for Buckingham."

"If not to Heaven than hand in hand to hell."

"A horse! A horse! My Kingdom for a horse!"

"I think there be six Richmonds in the field. Five have I already slain instead of him."

These are a few of the ringing lines which the "Crookback tyrant" Richard cries out as he fights his last battle on Bosworth field. It seems good to have this stirring old play right in our midst again, and with the big production of it which is scheduled for next Saturday night Jan. 17th at the Brainerd theatre, with Walker Whiteside as Richard, assisted by his large and capable company. The theatre should be packed.

"MISS ADELAIDE THURSTON."

The Elmira Telegram, speaking of Adelaide Thurston, who will appear here at the opera house, shortly is quoted as follows: "The stage does not contain a more lovable character or a more gifted ingenue than sweet little Adelaide Thurston. Those who witnessed Miss Thurston's superb portrayal, and they numbered nearly 2,000 people, were not only attracted to her by her admirable acting, but her sweet unaffected charm of manner as well."

Brainerd theatre goers have a treat in store for them in this attraction.

The Mountain View Route.

This is what the Northern Pacific
Shasta, or Shasta-Northern Pacific
Route—it reads as well backward
as forward—may well be called.

The route takes its name from Mt. Shasta in northern California. This white, snow capped peak, at the foot of which the Shasta route winds, is 14,350 feet high. The mountain is in plain view for several hours from the train and its distance from the track varies from twelve to seventy-five miles.

The beautiful scenery of the Sacramento river at the base of Shasta, is connected with this route only. Castle Crags, Mossbrae Falls and the natural twin soda fountains at Shasta Springs are scenic gems.

The crossing of the Siskiyou range furnishes the par excellence of railway mountain scenery and observation cars are furnished there free of charge. Then in succession comes Mts. Jefferson, Hood—a beautiful mountain—St. Helens, Rainier—14,532 feet high—and Adams, all former active volcanoes and now covered with glaciers.

From Portland a steamboat ride trip up the noble Columbia river to the Cascades and Dalles enables the tourist to see a river, palisades, waterfalls and mountains far surpassing anything the Hudson can show.

An opportunity is also given to visit Tacoma, Seattle, Victoria, Vancouver and the Puget Sound region. Then follow the cascade range and the Rockies, and best of all, a stop can be made at Yellowstone Park.

This line traverses the finest scenic region of the United States—don't forget it, and see that your return tickets home from California read around this way.

The train service between Portland and the Puget Sound country, and Duluth, Minneapolis and St. Paul via Spokane, Butte and Helena, is unsurpassed, including through trains daily, one of which is the noted "North Coast Limited."

SENSATIONAL TESTIMONY.

Attorney Route Gives Evidence in a Montana Disbarment Case.

Butte, Mont., Jan. 11.—Jesse B. Route, formerly one of the leading attorneys for Senator W. A. Clark, gave sensational testimony during the day in the disbarment proceedings against A. J. Shores, chief counsel for the Amalgamated Copper Mining company, who is accused of attempting to bribe Judge J. Edward Harney to render a decision favorable to the Amalgamated Copper company in its litigation over the Minnie Healy mine, a property valued at about \$10,000,000.

Attorney Route, under oath, testified that the representatives of the Amalgamated company were attempting to secure a new trial and Judge Harney was given the choice of confessing that he had received a bribe from the Heinze for his decision, or of being confronted with damaging affidavits. These affidavits, since published, were of a sensational character.

Continuing his testimony, Attorney Route testified that Charles W. Clark, son of Senator Clark, had offered to give Harney \$250,000 if he would tell all he knew about bribery rumors and acknowledge that he had been wrongly influenced by the Heinze interests in rendering his decision in the Minnie Healy case.

GIVEN SCANT HEARING

HOUSE EMPHATICALLY TURNS
DOWN A MOTION TO REDUCE
NUMBER OF EMPLOYEES.

SENATE UNANIMOUSLY ADOPTS
A MEMORIAL TO CONGRESS
TO ADMIT COAL FREE.

St. Paul, Jan. 14.—At the opening of the morning's house session, J. F. Rosenwald of Madison, successor to J. F. Jacobson, opened up once more the question of adding to the employees of the house, but the members gave him a scant hearing and less consideration.

Mr. Rosenwald sent up his motion in the form of a resolution, and was headed off by a point of order. He then made the proper motion to reconsider the vote by which the rules were adopted. He read in detail the increase made this year in the pay roll.

He said: "I believed when I voted on this last Thursday that I was doing the honest thing, but I have looked this thing up, and I don't believe the members of this house want to go back to their constituents on this record of extravagance."

Mr. Burns, chairman of the committee, ridiculed the objections, and declared that it was hypocritical for members to come up crying about their constituents and economy when they were "going about themselves with their hands out." He moved to lay the motion on the table. This shut off debate, and the movement was cut off before it had a chance to be heard. The motion to lay on the table carried by a viva voce vote.

Eleven bills were introduced. One by Mr. Tighe of St. Paul provides that police officers, after twenty years' service and reaching the age of fifty-five, who are incapacitated for duty, may be pensioned \$40 a month. It only applies to cities of 50,000.

NOT A DISSENTING VOICE.

The Senate Takes Quick Action on the Coal Situation.

With every member in full accord on the proposal to place coal on the free list, the senate during the morning adopted a memorial to congress urging the passage of the bill repealing the import duty on coal. There was no debate. There was no occasion for any. When Secretary Langum read the memorial sent up by Senator George P. Wilson of Minneapolis, there were murmurs of approval all over the room. Without a negative vote, the memorial was passed.

Bills came in rather freely, considering that the session is still young. Many give promise of lively debate later on, notably Senator Gjertsen's bill prohibiting bucket shops, Senator Wilson's bill repealing the so-called "corrupt practices act," Senator Peterson's bill proposing a constitutional amendment, and Senator Alley's measure amending the primary election law.

While there is nothing drastic in the Alley primary election bill, it will give the foes of this law an opportunity to fight it and amend it to death. One provision is that a primary election candidate may withdraw at any time by filing an affidavit, but no withdrawal is to be effective unless made at least thirty days before the primary election.

The bill also requires each city, village or township clerk to provide ballots for each party of not less than twenty-five, and in all cases at least three ballots for each two votes cast by such party at the last preceding election. In the event of a large increase being known, the clerks must provide additional ballots as may be necessary.

Another provision is that the polls are to be open in election districts outside of cities of 5,000 inhabitants from 9 A. M. till 8 P. M., and in all cities of over 5,000 inhabitants from 6 A. M. till 9 P. M.

The clause of most importance is the one providing that qualified electors shall be entitled to receive the ballot of the party which he intends generally to support at the next election, and it is made the duty of the judges to inquire of the voters as to which party he intends to support.

Senator Peterson's bill provides for a general vote on holding a constitutional convention at the general election of 1904, and provides a form of ballot to be used.

Senator Stevens introduced a measure increasing the number of judges in the Fourteenth judicial district to two. This district includes Kittson, Marshall, Pope, Norman, Red Lake and Roseau counties, and besides being large is increasing rapidly in population.

A measure of interest to Minneapolis was introduced by Senator Wilson legalizing the issue of school bonds under the provisions of the state law. The law is amended so as to provide that a two-thirds majority of the votes cast on the proposition itself shall be sufficient to carry. At the last election Minneapolis voted on the proposition to issue \$200,000 in school bonds and it obtained a large majority, but it had not obtained a two-thirds majority of all the votes cast at the general election. The bill will legalize this issue of bonds.

TEST OF THE COURTS.

Where Washington's Governor Would Take the Railway Merger Case.

Olympia, Wash., Jan. 14.—In his message to the legislature during the day, Governor McBride said:

"Prior to the formation of the Northern Securities company, the Northern Pacific Railway company and the Great Northern Railway company, both operating in this state, were competing lines. Since that time competition between them has practically ceased. Believing that the formation of the Northern Securities company and the taking over by it of the stock of the Northern Pacific and Great Northern was in violation of our constitution, nothing was left to be done, as viewed by the attorney general of the state and myself, but to bring suit to test the law. Accordingly suit was brought in the name of the state of Washington against the Northern Securities company and the Great Northern and Northern Pacific, and the action is now pending before the supreme court of the United States. An appropriation to defray the expense of this action is necessary, and I recommend \$10,000 for that purpose."

The governor recommends the passage of a stringent law prohibiting the giving to or receiving by public officials of free passes on railways or other transportation companies.

The governor says: "The most important matter to come before you at this session is the question of establishing a railway commission."

RECOVERS A JUDGMENT.

President of Cunard Line Wins a Big Suit Against His Cousin.

New York, Jan. 14.—Sir Bache Cunard, president of the Cunard line of steamships, recovered a judgment during the day in the supreme court for \$1,657,709 against his first cousin, Charles G. Franklyn.

Mr. Franklyn, fifteen years ago, was in charge of the property in this country belonging to Sir Bache Cunard, from his father, Sir Edward Cunard. At that time Sir Bache complained that Franklyn had converted large sums to his own use. He therefore brought suit to recover \$3,000,000, and after a long litigation Franklyn agreed to compromise the case for \$1,250,000.

This he failed to pay and the present suit, which was not defended, was brought for \$1,250,000, with interest.

IN A FIT OF RAGE.

Nine-Year-Old Boy Kills His Mother and Selves.

Carbondale, Ill., Jan. 14.—Mrs. Frank Tucker, who lived near West End, was killed during the night by her nine-year-old son, while the boy was in a fit of rage. The son then committed suicide. The mother had tried to reason with her son, who was playing with a gun, and who paid no attention to her. She then started to take the weapon away from him. As she approached the boy he drew the gun to his shoulder and killed his mother instantly. He then deliberately shot himself.

ALL THREE UNDER ARREST.

Woman Accused of Hiring Her Son and Another Man to Kill.

Bramwell, W. Va., Jan. 14.—Mrs. Maggie Riley is alleged to have promised to pay her son Hiram and Otto Eller a sum of money to kill a woman named Mary Clark. The men, it is claimed, went to the Clark woman's home and shot and killed her. Eller and Young Riley, together with Riley's mother, were arrested during the day and placed in jail, charged with the murder. Jealousy is said to have caused the tragedy.

MURDERERS GET AWAY.

United States Marshal and Deputy Killed at Morehouse, Mo.

St. Louis, Jan. 14.—At Morehouse, Mo., James and Theophilus Hill overcame a disturbance and the United States marshal and two deputies were called in to restore order. Theophilus Hill shot and instantly killed Marshal Lance, while James Hill fatally cut Deputy Marshal Taylor. The Hill boys started to leave the house, when Taylor shot and wounded one of them, but they succeeded in making their escape.

SHOOTS WIFE AND HIMSELF.

Chicago Barber Enraged Because She Continued to Work.

Chicago, Jan. 14.—Because his nineteen-year-old wife would not give up her position as a barber, Charles Lewis, also a barber, visited the shop where the woman was employed and fired two pistol bullets into her shoulder. He then shot himself in the breast and in the head, dying shortly afterward in a hospital.

RELIEVES HIS MIND.

New York Man Contributes \$5,000 to City's "Conscience Fund."

New York, Jan. 14.—A man who refused to disclose his identity called on the city chamberlain during the day and handed him five \$1,000 bills. The stranger said he had been troubled mentally for some time over a financial indebtedness to the city. The money was credited to the "conscience fund."

COTTON CROP DISPUTE.

Triple Tragedy Results From a Quarrel at Savoy, Tex.

Savoy, Tex., Jan. 14.—As the result of a dispute over the division of a cotton crop, a renter named Stewart shot and killed Woods Gibson and his mother and then committed suicide. He made an effort to kill B. H. Guffy, but was unsuccessful.

Accidentally Kills His Sister.

Terre Haute, Ind., Jan. 14.—The seven-year-old son of Attorney Albert Payne of Brazil got hold of a rifle belonging to his older brother and in some manner discharged it. The bullet entered the heart of his three-year-old sister, who was standing near, and killed her instantly.

Life Sentence for Assault.

St. Louis, Jan. 14.—Judge Adams, in the United States district court, during the day sentenced John Fickler to ten years' imprisonment for robbing mail pouches, a life sentence for assaulting the carrier, and ten years on a third count for stealing unclassified mail.
